# City of Federal Way, WA

### **COMPREHENSIVE ANNUAL FINANCIAL REPORT** FOR YEAR ENDED DECEMBER 31, 2019

#### ~City of Federal Way History~

The earliest recorded accounts of the Federal Way area tell of Native American families who resided in the area of the Muckleshoot Reservation on the east side of the Green River Valley and traveled west to the shores of Puget Sound for the plentiful fisheries resources. Generations of Muckleshoot Indians wore a westward trail across the heavily forested plateau to the area which is now Saltwater State Park. The arrival of the white man in the nineteenth century resulted in a steady decline in the Indian population and by 1890, nearly the entire population had disappeared from the area. Isolated on a triangular shaped plateau rising steeply from Puget Sound, the Federal Way area had little waterfront access or roadways and accordingly, was sparingly developed compared to Tacoma and Seattle. As late as the turn of the century, the original settlers at Dash Point and Dumas Bay had to row to Tacoma for supplies and mail. Old Military Road, constructed around 1856 and extending north from Fort Steilacoom, past Star Lake to Seattle and Fort Lawton, was the first road through the area.

Over time, narrow dirt roads were added to provide east/west access and by 1900, a road was constructed between Star Lake and Redondo. The second crossroad, the "Seattle Road," connected old Military Road and Kent. The Seattle-Tacoma Interurban Line, completed in 1901, provided a fast and easy way to reach these urban cities. Improved access brought many visitors to the area and Star Lake became a popular summer recreation site.

By the 1920s, Federal Highway 99, the interstate that linked the western states from north to south, was complete. At this time, Federal Way was still primarily forest and farmland. Fred Hoyt had a cabin on Dumas Bay and started a road to Tacoma (still called Hoyt Road). The timber companies, which had a major logging operation going, built an early railroad line and were instrumental in getting Marine View Highway (now Dash Point Road) built in the early 1920s. This roadway spurred development along the coastline. Soon thereafter, Peasley Canyon Road was built to connect Military Road with the Auburn Valley. This road later became known as South 320th Street. In these early days, roadways set the stage for development in the area and they still play an important role in the City today.

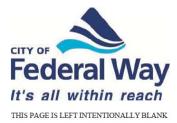

By the start of World War II, a number of small, thriving communities made up the area that is now Federal Way. Some communities were clustered around lakes, such as Steel Lake, Star Lake, and Lake Geneva. Others were sited to take advantage of the view of Puget Sound, like Adelaide and Buenna. As each of these communities grew, residents built small schoolhouses for their children. By the late 1940s, King County consolidated the many individual red schoolhouses into the Federal Way School District, from which the City gets its name. During this same period, a library was built along the edge of Highway 99, and between 308<sup>th</sup> Street and 320th Street, a small "downtown" developed with a general store, lumber yard, realty office, beauty parlor, feed store, and gas station. By the end of the 1950s, the ten blocks between 308th and 320th Streets became the first roadside commercial district. One of the more unique developments was Santa Faire, a family oriented theme park. New shopping areas were added around the park, helping to create a "community focus" for the residents of the area.

As this commercial area developed, the rest of Federal Way was changing as well. The Boeing Company expanded their operations in Renton and the Kent Valley and began advertising nationally for engineers. Those engineers in turn began roaming the wooded acreage in Federal Way in search of housing. One of the earliest residential developments was Marine Hills, built in 1958 overlooking Puget Sound. Weyerhaeuser, one of the early timber companies, had large land holdings in the area and began to develop their land into high quality housing with amenities like golf courses.

Weyerhaeuser's development company also began developing commercial property, creating the West Campus business park. The plan was to integrate offices and businesses with lush landscaping. Though initially the corporate office market was not strong, West Campus has grown almost to capacity, providing space for many civic buildings such as City Hall, the police station, the area's major health care centers, and higher density housing.

Another major landmark in the area is SeaTac Mall (now The Commons), built in the mid-1970s on what was farmland south of 320th Street. The Mall is one of the largest in South King County and is the anchor for retail development in the area. The Mall was a result of population growth in the region and its location was determined by the 320th Street intersection with Interstate 5. The Interstate supplanted Highway 99 as the main artery for commuter traffic in the County.

By the mid 1980s, South King County was growing quickly. Retail growth occurred along Highway 99, especially at the 320th Street intersection. Roads and office space were developed to accommodate the increased growth. Residential growth was also prominent, following plans developed by King County, with a large number of apartment homes. The changes to the community, with increased housing and traffic, created a movement for greater self-determination. In 1989, the citizens of this area voted for incorporation and the City of Federal Way was born, incorporating on February 28, 1990 with 58,000 residents.

People of the City of Federal Way Honorable Mayor and City Council

I am pleased to submit to you the 2019 Comprehensive Annual Financial Report (CAFR) of the City of Federal Way, Washington. This report is published annually as the official annual financial report and complies with state law (RCW 43.09.230) requiring annual report for Washington municipal governments to be certified and filed with the Washington State Auditor's Office in a timely manner. The accuracy of the data, completeness and fairness of the presentation, including all disclosures rests with the City management. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

The City operates under a system of accounting and internal controls that are concerned with safeguarding of assets and the reliability of financial records. The definition of accounting control assumes reasonable, but not absolute assurance that the objectives expressed in it will be accomplished by the system. The concept of reasonable assurance recognizes that the cost of internal control should not exceed the benefits expected to be derived.

This transmittal letter is designed to complement the Management Discussion & Analysis (MD&A) and should be read in conjunction with it. The City's MD&A can be found immediately following the Independent Auditor's Report.

#### **REPORTING ENTITY**

The City is a noncharter Optional Code City with a Mayor-Council form of government. It was incorporated on February 28, 1990, and is governed under the provisions of the Optional Municipal Code of the Revised Code of Washington. Optional Code City status increases the City's operating authority by extending it to the powers of all four city classifications which exist in Washington Law.

The City Council consists of seven council members, all of whom are elected at large by citizens of Federal Way to serve fouryear terms. In November 2009, the citizens of Federal Way approved Proposition 1 to change the form of government from a City Manager-Council run government to an elected Mayor-Council government. Federal Way voters elected former City Councilmember and King County Senior Deputy Prosecuting Attorney Jim Ferrell as Mayor on November 5, 2013 and was reelected November 7, 2017.

City services provided include: police protection, construction and maintenance of streets, building inspection, municipal court services, jail services, planning and zoning, park services, emergency management services, surface water management and general administration, including finance. Services for a land use hearing examiner are contracted. The City has nine major departments consisting of (1) Mayor's Office; (2) City Council; (3) Law; (4) Finance; (5) Municipal Court, (6) Parks and Recreation; (7) Public Works; (8) Police; (9) and Community Development. Fire protection and emergency medical services are provided by South King Fire & Rescue. Lakehaven Utility District delivers water and sewer services. King County Metro provides public transportation services. Public housing services are the primary focus of the King County Housing Authority. The King County Library System engages City residents through its library and reference services. School District No. 210 offers educational programs for kindergarten through high school students, in addition to vocational training.

#### ECONOMIC FACTORS AFFECTING FINANCIAL CONDITION

The current economic condition has made considerable strides since the post Great Recession era as employment and inflation levels are consistent with the Federal Reserve's mandate for maximum sustainable employment and price stability. Consumer confidence levels are at its best since pre-Great Recession levels.

Nationally, according to Bureau of Labor Statistics, the CPI rose 2.3 percent in 2019, slightly more comparable to 2017 and 2018. It was larger than the 1.8-percent average annual increase over the past 10 years.

The food index increased 1.8 percent in 2019, a slightly larger increase than the 2018 rise of 1.6 percent. The index for food at home rose 0.7 percent in 2019, continuing a trend of modest increases; it rose 0.6 percent in 2018 and 0.9 percent in 2017. Five of the six major grocery store food group indexes increased in 2019. The index for dairy and related products rose 2.4 percent after falling 0.1 percent in 2018. Similarly, the index for meats, poultry, fish, and eggs rose 2.3 percent in 2019 after falling in 2018. The index for nonalcoholic beverages increased 1.0 percent in 2019 after a 1.4 percent increase in 2018. The index so creases and bakery products and for other food at home both rose 0.3 percent in 2019. The index for fruits and vegetables declined in 2019, falling 1.3 percent after rising in 2018 and 2017. The indexes for fresh fruits and for fresh vegetables both declined over the year. The index for food away from home rose 3.1 percent in 2019. This was larger than the 2.8 percent increase in 2018 and the largest December-to-December rise since 2008.

The energy index rose 3.4 percent in 2019 after falling slightly in 2018. The gasoline index rose 7.9 percent over the year after falling 2.1 percent in 2018. The index for fuel oil rose 4.6 percent in 2019. These increases more than offset declines in the other major energy component indexes. The index for natural gas fell 3.5 percent in 2019 after rising in each of the prior 3 years. The electricity index declined 0.4 percent under the prior year, its first decline since 2015. The medical care index rose 4.6 percent in 2019, well above its 2.0 percent rise in 2018 and the largest December-to-December advance since 2007. The index for prescription drugs rose 3.0 percent after falling 0.6 percent in 2018.

The Seattle-Tacoma-Bellevue, WA's CPI for Urban Wage Earners and Clerical Workers (CPI-W) increased 2.8% in December 2019 compared to increase of 2.7% in 2018. The national CPI-W increased 2.6% for 2019. The Seattle-Tacoma-Bellevue, WA annual unemployment rate for 2019 was 3.6% compared to 3.9% in 2018. The last time Seattle-Tacoma-Bellevue annual unemployment rate was below 4.0% was 2007 which was at 3.7% just before the "mortgage market" crash in 2008.

On March 9, 2020 Mayor Ferrell issued a Proclamation of Emergency in order to prevent the spread of coronavirus disease (COVID-19). Then, on March 23, 2020, Governor Jay Inslee issued a statewide two week stay at home order and closed all businesses except essential services. On April 3, 2020 the stay at home order was extended through May 4th.

This coronavirus shock could be more severe than the Great Financial Crisis of 2007-08, as it will hit households, businesses, financial institutions, and markets all at the same time locally, nationally and globally. In this historical widespread pandemic, the city is carefully considering all the options to adjust its budget as sales tax revenue and economic activity decline.

#### ECONOMIC TRENDS

Federal Way is the ninth most populated city in the state of Washington according to U.S. Census.gov with 97,840 people after City of Renton with 104,700 and closely followed by Spokane Valley at 96,720 then Yakima at 94,440. In 2019, King County median household income was \$89,675; Federal Way \$66,011, Renton \$74,756, Spokane Valley \$49,510, and Yakima \$44,266. The City of Federal Way is located on a plateau adjacent to Puget Sound in King County, eight miles north of downtown Tacoma and 25 miles south of downtown Seattle. The City occupies approximately 22.5 square miles and is served by Interstate 5 and state highways 99 and 509.

In 2019, there were 37,257 housing units in Federal Way, a slight increase over 2018 of 37,085 housing units. Of these units, 54.4% or 20,274 were single family homes, 42% or 15,678 were multi-family units, and 3.5% or 1,305 were mobile homes and trailers.

The community is residential and commercial, with the populace employed locally and in the neighboring cities such as SeaTac, Kent, Tacoma, Bellevue, and Seattle. Employment in Federal Way is highly concentrated in retail and services sectors which respond primarily to the needs of the local market area population. Major employers are; Federal Way Public Schools, St. Francis Community Hospital, World Vision, Wild Waves, U.S. Postal Services, and DaVita. The top twenty employers report 9,023 employees in 2019.

Sales tax collected in 2019 total \$16.1 million which was \$1.4 million more than \$14.7 million of 2018. The retail sector of the local economy is anchored by the following areas; the first is South 348th and State Highway 99 including Wal-Mart Super Center, Wholesale Sports, Costco, Lowe's Home Improvement Center, and Home Depot. The second is The Commons; a

regional mall including Target, TJ Max, Kohls, Dicks Sporting Goods and many other small businesses adjacent to the area. According to a listing of businesses registered with the City of Federal Way and sorted by the Standard Industrial Classification, the business economy appears to be configured as follows: retail trade 51%; services 24%; construction 11%; information 4%; wholesale trade 4%, manufacturing 1%, and other 5%.

In 2019, the total assessed value of property in Federal Way was \$11.4 billion, which was approximately 8.4% higher than the 2018 assessed valuation of \$10.3 billion.

Real Estate sales were \$1,043 million in 2019, an increase of 24%, compare to \$843 million in 2018. A total of 567 building permits in 2019 compared to 580 in 2018, and 2906 other building related permits compared to 3,464 that were issued in 2018. Estimated market value for permits in 2019 was \$232 million and \$96 million in 2018. Significant building permits include: DaVita Healthcare office park, Traditions at Federal Way, Federal Way Elementary Schools - #24: Wildwood Elementary; Lake Grove Elementary; and Mirror Lake Elementary, Panattoni Development, Premier Storage buildings, Multicare Park Assisted Living and Memory Care, Fred Meyer, Bank of America and Valvoline instant oil change.

Washington State Supreme Court decided in favor of the city's right to levy excise tax on provider of utility services within the city limit. This judgement allows the City of Federal Way to generate about one million dollars annually in new revenue which will help in the years ahead with revenue shortfall due to COVID-19.

#### LONG-TERM PLANNING

The City's fiscal policy requires the City to prepare long-range projections for six years beyond the current budget period. The projection extends current operations to the future to see if the services are sustainable and determine the magnitude of future financing gaps, if any. This glimpse into the future allows the City to proactively plan and implement corrective measures over time to avoid sudden drastic changes in service levels or in revenue/tax policies. In addition, the City's fiscal policy requires the City to balance its ongoing services with ongoing revenues.

#### MAJOR INITIATIVES AND ACCOMPLISHMENTS

During 2019, the City of Federal Way completed construction of several hot-mix asphalt overlays totaling over \$1.6M.

The city also received approximately \$3.1 million in state and federal grant funding for transportation related capital projects in 2019. Projects that received these grant funds included Military Rd. & S. 278<sup>th</sup> St. Compacted Roundabout, SR99 HOV Lanes Phase V, 21<sup>st</sup> Avenue South Pedestrian Connection, Traffic Control System projects, Street Light LED Conversion projects, and SW Campus Preservation project.

Construction continued on Downtown Staircase Project which will connect the Performing Arts & Event Center to the downtown city center. This project reached at least 95% completion in 2019 and will be physically completed in 2020.

The City completed Saghalie Field Turf replacement in 2019, which was paid for primarily by a \$250K King County grant, a \$210K contribution from the Federal Way School District, and a \$50K donation from the Federal Way Soccer Association.

On September 4th, 2018 the City Council decided to withdraw from the SCORE interlocal agreement effective January 1st, 2020 per city resolution 18-741 in 2019. At the April 16, 2019 council meeting the City Council decided to bond the City portion of the SCORE debt separately from the SCORE entity. The City of Federal Way is still responsible for paying their proportionate share of SCORE debt service in the amount of \$10,945,000 as of 12/31/2019.

#### **OUTLOOK FOR THE FUTURE**

Council identified the following set of goals for the City which was adopted on March 7, 2006.

- 1. Integrate the public safety strategy in all facets of City operations, building on a strong community-based approach.
- 2. Create a multi-use urban city center that is pedestrian friendly, linked to neighborhoods and parks, and services as the social and economic hub of the City.

- 3. Establish Federal Way as an economic leader and job center in South King County by attracting regional market for high quality office and retail businesses.
- 4. Maintain the capital facilities plan and provide financing options for transportation and surface water improvements, parks, recreation, and cultural arts and public facilities.
- 5. Ensure a responsive service culture within the City organization where employees listen carefully, treat citizens and each other respectfully and solve problems creatively, efficiently, and proactively.
- 6. Position Federal Way as a regional leader by working collaboratively with other local and regional jurisdictions in order to leverage resources.

#### **INDEPENDENT AUDIT**

State law requires an annual audit of all City books of account, financial records, and transactions by the State Auditor, an independently elected state official. In addition to meeting the requirements set forth under state law, the audit was also designed to meet the requirements of the Federal Single Audit Act of 1984 and related OMB Circular A-133. The 2019 audit of the City has been completed in conformance with generally accepted auditing standards. The financial statement of all City funds has been included in this audit. The city has been given an unmodified opinion in 2019; which is the 30<sup>th</sup> consecutive year receiving a clean audit. The State Auditor's report on the basic financial statements is included in the financial section of this report.

#### AWARDS

The Government Financial Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Federal Way for its comprehensive annual financial report (CAFR) for the year ended December 31, 2018. The City of Federal Way has received a Certificate of Achievement for the last twenty-nine years (fiscal years ended 1990 – 2018). In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The City of Federal Way also received the Government Financial Officers Association Distinguished Budget Presentation Aware for its biennial budget for the years beginning January 1, 2019 and 2020. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, a financial plan, an operations guide, and a communications medium.

#### ACKNOWLEDGEMENTS

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff off the finance department. In addition, staff in all City departments should be recognized for responding so positively to the requests for detailed information which accompany each audit. A special note of thanks is given to Chase Donnelly, Accounting Manager who served as the coordinator for the CAFR preparation. The role of the State Auditor's Office should also be acknowledged as a significant contribution to a fine product. Finally, we wish to express our appreciation to the Mayor and City Council for their ongoing support and for providing the firm foundation for the pursuit of excellence in all realms of professional endeavors.

Respectfully submitted,

- EDB GINSE

Ademola A. Ariwoola, MBA, CGFM Finance Director

Christophen P. Morrill

Executive Director/CEO

### Office of the Washington State Auditor Pat McCarthy

#### **INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS**

July 29, 2020

Mayor and City Council City of Federal Way Federal Way, Washington

#### **REPORT ON THE FINANCIAL STATEMENTS**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Federal Way, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Federal Way, as of December 31, 2019, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparison for the General, Street, Utility Tax and Performing Arts & Events Center Operations funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Matters of Emphasis

As discussed in Note 19 to the financial statements, in March 2020, a state of emergency was declared that could have a negative financial effect on the City. Our opinion is not modified with respect to this matter.

#### **Other Matters**

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures to express an opinion or provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements as a whole. The combining financial statements and schedules are presented for the purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. This information has been subjected to auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements as a whole. The Introductory and Statistical Sections are presented for purposes of additional analysis and are not a required part of the basic financial statements of the City. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

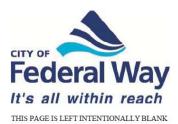

#### **OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS**

In accordance with *Government Auditing Standards*, we will also issue our report dated July 29, 2020, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report will be issued under separate cover in the City's Single Audit Report. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Sincerely,

Fat Marthy

Pat McCarthy State Auditor Olympia, WA

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Federal Way, we offer readers of our annual financial report a narrative overview, and an analysis of the financial activities of the City of Federal Way for the fiscal year ended December 31, 2019. We encourage readers to consider the information in conjunction with the preceding letter of transmittal, the financial statements and notes to the financial statements that follow.

#### FINANCIAL HIGHLIGHTS

- The total assets plus deferred outflows of the City of Federal Way exceeded its liabilities plus deferred inflows at December 31, 2019 by \$588.3 million (Net Position). Capital Assets (net of depreciation and related debt) account for 89.5% of this amount with a value of \$526.3 million. Of the remaining net position of \$62.0 million, \$43.0 million may be used to meet the government's ongoing obligations to citizens and creditors, without legal restriction while the \$18.9 million are restricted for specific use. (See page 27).
- The City's total net position decreased by \$9.6 million, or 1.6% below 2018 as referenced on page 28. Governmental activities decreased by \$10.3 million or 1.9% while business-type activities increased by \$0.7 million or 1.0%. The decrease of \$10.3 million in governmental activities is primarily due to a \$16.4 million loss on investment in SCORE joint venture, offset by an increase of \$1.2 million in sales tax, \$1.0 million increase in real estate excise tax, and \$2.4 million increase in community development and public works permits and fees, receivables increase of \$0.3 million due to taxes accrued but not yet received, net pension asset increase of \$1.0 million, and other liabilities decrease of \$0.2 million. The increase of \$0.7 million in business-type activities is primarily due to capitals assets and construction in progress, net of accumulated depreciation increased by \$0.7 million. More detail is described in the analysis below.
- Net investment in capital assets decreased by \$3.7 million (See page 16) and unrestricted net position decreased by \$3.9 million respectively under 2018 as referenced on page 16.
- Restricted Net Position of \$18.9 million decreased by \$2.0 million or 9.8% primarily due to real estate excise tax being spent on transportation projects for the city's streets and roads. Restricted Net Position is for funding of capital projects and debt service. (See page 16 & 52).
- Long term liabilities increased by \$1.7 million or 4.1% due to the addition of \$4.8 million in LTGO tax bond for Performing Arts & Event Center, offset by reduction of \$1.7 million net pension liability for GASB 68 state sponsored pension plan, long term debt decrease of \$1.0 million for General obligation debt, and a reduction of \$0.4 million in business-type GASB 68 net pension liability and pay-down of Public Works trust fund loan (see note 11 on page 71). On page 71 \$1.7 million of 2019A Bond premium is included in the note to the debt table.
- Governmental fund balances at year-end were \$44.6 million, a \$6.7 million or 18% increase from the prior year. Of the \$44.6 million, \$15.8 million or 35.5% of the governmental fund balance is unassigned and available to fund ongoing activities. The remaining \$28.8 million is earmarked for debt service, paths & trails reserve, hotel/motel lodging tax, police special funds, petty cash/change funds, court trust fund, advance travel, strategic opportunities reserve, streets maintenance and capital projects. (See page 30 and page 52).
- Unrestricted or Unassigned fund balance in the General Fund was \$15.9 million, which increased by \$1.0 million or 6.6% from the prior year, primarily due to a \$1.2 million sales tax increase, offset by cost of living adjustments, health insurance and pension cost increases.

#### **OVERVIEW OF FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the City of Federal Way's *basic financial statements*. The basic financial statements are comprised of three components:

- 1) government-wide financial statements,
- 2) fund financial statements, and
- 3) notes to the financial statements.

In addition to the required components, the City's annual report also includes other supplementary information. The first set of supplementary information is the Combining Statements. These provide Balance Sheets, Statement of Revenues, Expenditures, and Changes in Fund Balances with Budget to Actual Comparisons, Statement of Net Position, and Cash Flows for all proprietary and internal service funds. The other set of supplementary information is the Statistical Section.

The statistical section provides a one to ten-year view of the City's revenues, expenditures, debt obligations and capacity, the City's largest taxpayers, and those entities with the largest employment within the City of Federal Way. This section provides a long-term perspective on the City's economy.

#### **Government-wide Financial Statements**

The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Federal Way's finances, in a manner similar to a private-sector business.

- A) The *statement of net position* presents information on all of the City of Federal Way's assets plus deferred outflows and liabilities plus deferred inflows, with the difference between the two reported as *net position*. This statement serves a purpose similar to that of a balance sheet in private business. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.
- B) The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Federal Way that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City of Federal Way include law enforcement and public safety, construction and maintenance of streets, building inspection, municipal court services, jail services, community planning and development services, parks and recreation facilities, other community services and general administration. The business-type activities of the City include surface water management and the control and operation of Dumas Bay Centre, a multi-use facility that offers business and retreat accommodations, recreation and cultural arts classes, and a performing arts facility.

The City has no separately identified component units included in the government-wide financial statements. The City has reported its investment in one governmental joint venture: Valley Communications Center. A description of the joint venture can be found in Note 14 of the notes to the financial statements.

The government-wide financial statements can be found immediately following this MD&A.

#### **Fund Financial Statements**

The annual financial report includes *fund financial statements* in addition to the government-wide financial statements. While the government-wide statements present the City's finances based on the type of activity, general government versus business-type, the fund financial statements are presented by fund type such as the general fund, special revenue funds, proprietary funds, and fiduciary funds. A fund is a specific fiscal and accounting entity with a self-balancing set of accounts used to account for specific activities or to meet certain objectives. Funds are often set up in accordance with special regulations, restriction or limitations. The City of Federal Way uses fund accounting to ensure and show compliance with finance-related legal requirements. The City's funds are divided into three categories: governmental fund, proprietary funds, and fiduciary funds.

#### **Governmental Funds**

*Governmental funds* are used to account for essentially the same functions as are reported in governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Federal Way maintains twenty-one individual governmental funds. The City's seven major governmental funds, the general fund, street fund, utility tax fund, debt service fund, performing arts and event center operations fund, transportation fund, and performing arts & events center capital fund are presented separately in the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances. The remaining

governmental funds are combined into a single column labeled non-major governmental funds. Individual fund data for each of the non-major governmental funds can be found in combining statements later on in this report.

The City maintains control over its operating funds through the adoption of the biennial budget. Budgets are adopted at the fund level and according to state law. A budgetary comparison statement is presented for the General, Street, Utility Tax, and Performing Arts & Event Center Funds as a basic financial statement. The basic governmental fund financial statements can be found on pages after the government-wide statements of this report.

#### **Proprietary Funds**

The City of Federal Way maintains two types of *proprietary funds*. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide statements. The City uses enterprise funds to account for its Surface Water Management and the Dumas Bay Centre. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its risk management, information systems, mail and duplication services, fleet of vehicles and motorized equipment, facilities management, health insurance, and unemployment services.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Surface Water Management fund and for the Dumas Bay Centre. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data is provided in the form of combining statements elsewhere in this report.

The proprietary fund financial statements can be found following the governmental fund statements in this report.

#### **Fiduciary Funds**

The City of Federal Way maintains one *fiduciary fund*. Resources in this fund are held for the benefit of parties outside the government. These funds are not available to support City programs so are not reflected in the government-wide financial statements. The accounting for fiduciary funds is similar to that of proprietary funds. (see pages 41 and 42).

#### Notes to the Financial Statements

The notes provide additional information that is essential to the full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found immediately following the fund financial statements.

#### **Other Information**

In addition to the basic financial statements and accompanying notes, this report also presents the combining statements for non-major governmental funds, internal service funds, and capital assets of governmental funds. The City Council passed resolution 18-741 on September 4<sup>th</sup>, 2018 to walk away from the SCORE interlocal agreement effective January 1<sup>st</sup>, 2020. At the April 16, 2019 council meeting the City Council decided to bond the City portion of the SCORE debt separately from the SCORE entity. The City currently owes 10,945,000 in principal payments as of 12/31/2019.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

This section provides analysis of the government-wide financial statements including long-term and short-term information about the City's overall financial condition. The following tables address the financial results of the City as a whole.

	CONDENSED STATEMENT OF NET POSITION As of December 31, 2019 and 2018							
	Governmen	tal Activities	Business-Ty	pe Activities	Te	otal		
	2019	2018	2019	2019 2018		2018

#### **Analysis of Net Position**

Total net position of the primary government of \$588.3 million at December 31, 2019 decreased by \$9.6 million or 1.6% compared to December 31, 2018. The decrease is due to governmental type activities decrease of \$10.3 million, offset by business-type activities increase of \$0.7 million. More detail on the changes in net position are described below under Governmental and Business-Type activities.

The largest component of the City's net position, 89% or \$526.3 million, is net investment in capital assets. These capital assets such as land, streets, trails, parks, police vehicles, and parks equipment are used to provide services to the citizens. Consequently, these assets are not available to sell and convert to cash for future spending.

Approximately 1.9% or \$11.0 million (page 27) of the total net position of the city are restricted for use on capital projects or are earmarked for current approved capital projects. Some of the major capital projects the funds are being used for include Adaptive Traffic Control System Project, SR99 HOV Lanes Phase V project, City Center Access Phase I, and Grand staircase project. The City attempts to fund capital construction projects on a pay-as-you-go basis, aggressively pursuing grant funding and cost sharing with developers to construct large projects in the City that impact the economy and transportation systems.

The remaining balance of restricted net position of \$7.9 million are for: \$0.64 million for police special funds, and court trust, \$0.03 million for steel lake and north lake management district, \$0.75 million for peg and franchise fees for educational and governmental access services, \$1.35 million for lodging tax, \$1.19 million for paths and trails, \$0.03 million for Community Development Block Grant, and \$3.93 million for debt service.

The unrestricted business-type activities portion of \$5.7 million; \$4.2 million can only be spent on surface water management and the remaining \$1.5 million on improvements to Dumas Bay Centre and Knutzen Family Theatre. Maintenance of catch basins, pump stations, storm drain flushing, and other capital construction projects such as Marine Hills Conveyance System pipe upgrades and Lakota Wetland Berm Repair are examples of utility activities. The unrestricted net position can only be spent within the fund it is in, and cannot benefit another fund within the city.

Other functions of the City may access the remaining \$37.4 million in governmental activities unrestricted net position to meet ongoing obligation to citizens and creditors. Examples of other City obligations which net position may be used for are public safety, economic development, parks maintenance, ongoing street maintenance, and committed funds for capital projects.

At the end of the fiscal year, the City of Federal Way reported positive balances in all three categories of net position, for the government as a whole, as well as for the separate governmental and business-type activities.

#### **Governmental Activities:**

Current and other assets decreased by \$7.8 million or 8.2% primarily due to \$16.4 million loss on investment in SCORE joint venture, restricted retainage asset decrease of \$1.1 million due to completion of Performing Arts & Event Center, a \$1.1 million decrease of due from other governments due to less transportation grants accrued, and an increase of \$0.5 million in general fund expenditures, offset by \$4.8 million in bond funding received for the Performing Arts & Event Center capital project, \$1.2 million increase in sales tax, \$1.0 million increase in real estate excise tax, \$2.4 million increase in community development and public works permits and fees, Valleycomm joint venture increase of \$0.5 million, receivables increase of \$0.3 million due to taxes accrued but not yet received, and a net pension asset increase of \$1.0 million.

Capitals assets and CIP, net of accumulated depreciation decreased by \$0.5 million or 0.1% primarily due to a prior period reduction of \$1.8 million (See Note 15 on page xx), offset by the net addition of assets in the current year of \$1.3 million (See Note 8 on page 59). The prior period adjustment is due to construction in progress of \$0.97 million classified as governmental-type activity when it should have been business-type activity, and \$0.83 million in maintenance for S 356<sup>th</sup> St SR99-SR161 that was classified as construction in progress. The net addition of assets of \$1.3 million is primarily due to construction in progress increase of \$6.9 million for projects in ongoing construction including SR99 HOV Lanes Phase 5, Downtown staircase project, Streetlight LED conversion project, and City Center Access Phase I, buildings and improvements other than buildings increase of \$0.8 million primarily for Saghalie park field turf, infrastructure increase of \$3.3 million primarily for completed street construction project S 356<sup>th</sup> Street SR99 to SR161, machinery and equipment increase of \$1.1 million for fleet and information technology capital purchases, offset by current year depreciation of capital assets of \$10.9 million.

Deferred outflows of resources increased by \$0.3 million for governmental activities due to changes in actuarial assumptions for GASB 68 state sponsored pension plans including 2.75% total economic inflation, 3.50% salary inflation, salary increases, 7.4% investment rate of return, and updated modeling changes. (See page 16).

Long-term liabilities increased by \$2.1 million or 5.1% due to the addition of \$4.8 million in LTGO tax bond for Performing Arts & Event Center, offset by reduction of \$1.7 million net pension liability for GASB 68 state sponsored pension plan, and long term debt decrease of \$1.0 million for General obligation debt. (See Note 11 on page 71).

Other liabilities decreased by \$0.4 million or 5.1% primarily due to retainage payable decrease of \$0.9 million from the completion of the Performing Arts & Event Center, offset by unearned revenue increase of \$0.3 million from Federal Way Community Center and Performing Arts & Event Center operations, and customer deposits increase of \$0.2 million due to more developer projects occurring within the city.

Deferred inflows of resources increased by \$0.6 million for governmental activities due to higher than expected earnings on pension plan investments for GASB 68 state sponsored pension plans (See page 16).

Net investments in capital assets decreased by \$4.4 million or 0.9% primarily due to the addition of \$4.8 million in Performing Arts & Event Center related debt, offset by a decrease of \$0.5 million in capital assets and CIP, net of accumulated depreciation explained in the above capital assets description (See page 16), and a decrease in other long-term liabilities for capital related debt.

Restricted net position represents amounts that must be used in accordance with external restrictions, and decreased by \$2.0 million or 9.7% from the prior year primarily due to a reduction in the Transportation fund due to real estate excise tax being spent on projects for the city's streets and roads. Other restricted funding is comprised of debt service, peg fees for government access channel under contracts and studies fund (page 52), paths & trails funding, and lodging tax.

The remaining Unrestricted net position decreased by \$3.8 million or 9.2% primarily due to loss on investment in SCORE joint venture, offset by increases in taxes described above.

#### **Business-Type Activities:**

Current and other assets decreased by \$0.4 million or 5.4% primarily due to a decrease in cash and cash equivalents of \$0.4 million from surface water management operations.

Capitals assets and CIP, net of accumulated depreciation increased by \$0.7 million or 1.1% primarily due an increase of \$1.1 million in infrastructure additions due to the completion of projects such as S 356th Street SR99 to SR 161, and \$0.3 million increase due to the completion of West Hylebos Wetlands Trail. This was offset by the addition of accumulated depreciation of \$0.7 million (See Note 8 on page 60).

Deferred outflows of resources increased by \$0.004 million for business-type activities due to changes in actuarial assumptions for GASB 68 state sponsored pension plans including 2.75% total economic inflation, 3.50% salary inflation, salary increases, 7.4% investment rate of return, and updated modeling changes. (See page 16).

Long-term liabilities decreased by \$0.4 million due to current year GASB 68 adjustment to pension liability of \$0.3 million and paying down of Public works trust fund loans of \$0.1 million. (See page 71).

Other liabilities decreased by \$0.11 million or 12.7% primarily due to a decrease in unearned revenue for Dumas Bay Centre future rentals at the facility, and surface water management unearned fees.

Deferred inflows of resources increased by \$0.03 million for business-type activities due to higher than expected earnings on pension plan investments for GASB 68 state sponsored pension plans (See page 16).

Net investments in capital assets increased \$0.8 million or 1.3% primarily due to a \$1.4 million increase in surface water management infrastructure and improvement other than buildings additions, offset by \$0.7 million in accumulated depreciation, and no outstanding balance in Public Works trust fund loan of \$0.1 million.

Unrestricted net position decreased by \$0.07 million or 1.3% primarily due to the decreases in current and other assets described above.

### CHANGES IN NET POSITION

#### For the Years Ended December 31, 2019 and 2018

#### Analysis of the change in net position:

Total government-wide revenues of the primary government increased by \$2.1 million or 2.6% and total expenses increased by \$4.2 million or 5.9% over the prior year. These changes are discussed in more detail below.

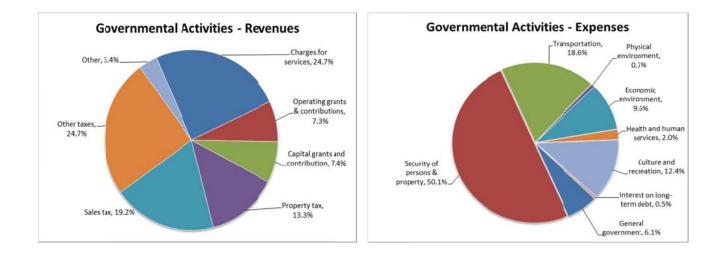

#### **Governmental Activities:**

Governmental activities contributed \$8.5 million or 96.8% of the total change in net position of negative \$8.8 million. The prior year change in net position was positive \$10.1 million. The primary decrease under 2018 is due to the following revenues, and expenses described below. There was also a decrease of \$0.8 million due to prior period adjustment for capital assets described in note 15. (See page 19).

Total revenues for governmental activities increased by \$2.1 million or 2.6% due to taxes and general revenue increase of \$2.3 million comprised of sales and criminal justice sales tax of \$1.4 million, property tax of \$0.2 million, real estate excise tax of \$0.9 million, investment earnings of \$0.3 million, other miscellaneous revenue of \$0.1 million, offset by utility tax decrease of \$0.6 million. In addition, charges for services increased by \$2.1 million primarily due to an increase in community development and public works permits and fees. Capital grants & contributions decreased by \$2.3 million from transportation capital projects receiving less reimbursement from state and federal grants, and less capital contributions from developers.

Total expenses for governmental activities increased by \$4.2 million or 5.9%. The net increase is due to increases in the following expense categories: A \$0.2 million increase in "General government" is due to an increase in election and hearing examiner services \$0.1 million, and \$0.1 million in cost of living adjustments, health insurance and pension cost increases. A \$2.5 million increase in "Security of persons & property" is due to: \$1.2 million increase in cost of living adjustments, health insurance and pension cost increases, and vacation payouts, \$0.4 million increase in pension expense for GASB 68 reporting, \$0.9 million increase in expense due to leaving SCORE investment in joint venture. A \$2.6 million increase in "Economic Environment" is due to: \$1.6 million depreciation expense for Performing Arts and Event Center, \$0.9 million in salaries and wages and professional services related to the operation of the Performing Arts and Event Center, and \$0.1 million in economic and community development professional services and salaries and wages. A \$0.2 million increase in "Culture and recreation" is due to: \$0.2 million increase in cost of living adjustments, health insurance and pension cost increases, and repairs and wages. A \$0.1 million increase in "Culture and recreation" is due to: \$0.2 million increase in cost of living adjustments, health insurance and pension cost increases, and repairs and maintenance expenditures at the Federal Way Community Center. A \$0.1 million increase in "Health and human services" is due to: \$0.1 million increase in human services Department of Commerce reimbursed expenditures. The increase is offset by a \$1.1 million decrease in "Transportation" due to \$1.1 million decrease in asphalt overlay of streets, and street and traffic maintenance.

A loss on investment in joint venture of \$16.4 million was reported due to leaving SCORE as of 12/31/2019 and having no equity interest in the facility. On September 4th, 2018 the City Council decided to withdraw from the SCORE interlocal agreement effective January 1<sup>st</sup>, 2020 per city resolution 18-741 in 2019. At the April 16, 2019 council meeting the City Council decided to bond the City portion of the SCORE debt separately from the SCORE entity. Although the city will not maintain ownership of the facility, the City of Federal Way is still responsible for paying their proportionate share of SCORE debt service in the amount of 10,945,000 as of 12/31/2019.

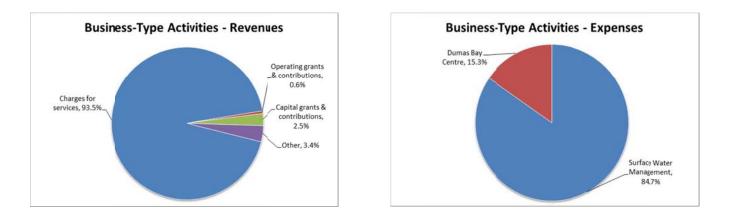

#### **Business-Type Activities:**

Business-type activities of the City's Surface Water Management system and Dumas Bay Centre decreased the City's net position by \$0.3 million. There was an addition of \$0.97 million for prior period adjustment for capital assets described in note 15. The primary change compared to 2019 is due to the following revenues and expenses described below.

Total revenues decreased by \$0.1 million or 2.5% under 2018, due to a decrease in grant revenue and developer contributions for Surface Water Management capital projects. Transfers net change of \$0.3 million is primarily due to a reduction of transfers in to Dumas Bay Centre of \$0.1 million, and a \$0.2 million additional transfer out from Surface Water Management to the Transportation CIP Fund.

Total expenses increased by \$0.2 million or 3.7% due to a \$0.2 million increase in Surface Water Management maintenance services. Dumas Bay Centre expenditures decreased minimally from the prior year.

#### FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City of Federal Way uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

#### **Governmental funds**

The focus of the City of Federal Way's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unrestricted fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of 2019, the City's governmental funds had a combined ending fund balance of \$44.6 million which is a increase of \$6.7 million from the prior year. Approximately 36% or \$15.9 million of the fund balance amount is unrestricted General Fund balance, which is available for spending at the City Council's discretion. Non-spendable fund balance of \$0.2M is comprised of court trust and prepaid insurance/flex plan of \$0.2M. Restricted fund balance of \$18.6M is comprised of \$2.6M in transportation capital project funding sources including real estate excise tax (REET), mitigation impact fees, surface water management fees, and gas tax; \$3.9M for future debt service payments; \$1.5M in parks capital project funding sources including REET, mitigation impact fees, and paths and trails funding; \$2.5M LIFT sales tax for downtown redevelopment infrastructure and parks projects; \$1.3M in hotel/motel lodging tax for promotion of tourism; \$1.2M in paths & trails parks levy dedicated for paths & trails projects and debt service payments, \$0.03M in REET for city facilities capital projects, \$4.3M in REET for future capital projects and debt service payments, \$0.4M in Police seizure funds, and \$0.03M for Community Development Block Grant funds. Committed fund balance of \$9.9M includes amounts that can be used only for the specific purposes determined by a formal action of the government's highest level of decision-making authority. The committed fund balance is detailed by fund under the fund balance classification in Note1.

The General Fund is the chief operating fund of the City. Revenues and other sources totaling \$53.4M and expenditures and other uses totaling \$52.4M, resulted in a total fund balance increase by \$1.01 million or 6.5%. Total ending fund balance of \$16.6M, is \$3.70M above the budgeted ending fund balance in the fund of \$12.9M. Fund balance policy resolution 18-732 set the General Fund and strategic reserve policy at \$12M. The City had a beginning balance adjustment of \$1.79M. The

remaining \$1.91M of \$3.70M increase in ending fund balance compared to budget is made up of a decrease of \$2.45 million in expenditures/other uses, offset by a \$0.54 million decrease in revenues/other sources. The detail of these increases/decreases is explained under General Fund budgetary and actual highlights below.

The Street Fund has a total fund balance of \$0.6 million which minimally decreased from 2018 primarily due to increased cost of street and traffic maintenance.

The Utility Tax Fund was established to account for the 6% utility tax receipts collected by State statute for capital, debt, and other maintenance & operations as determined by Council and the remaining 1.75% is for Voter Approved enhanced Police and Community Safety in 2007. Total fund balance of \$2.7 million increased by \$0.1 million or 4% from \$2.6 million due to a decrease in transfer out from the fund for operation of other funds such as the General Fund.

The Debt Service Fund has a total fund balance of \$3.9 million, a \$1.0 million increase above the \$3.0 million 2018 fund balance, due transfer in from utility tax, offset by servicing its annual debt payments. The City has adequate funds to service its annual debt payments.

The Performing Arts and Event Center Operations Fund was established to account for receipts and disbursements of the operation of the Performing Arts & Event Center facility. The ending fund balance was negative \$110,546 due to operations of the facility costing more than the revenue generated from events. Operations were subsidized by general fund in the amount of \$1.5 million in 2019.

The Transportation Fund is used to account for the City's expenditures incurred to improve existing traffic signals, install new signalization, improve major roadways and arterials involving the design and construction of new sections of streets, the widening of roadways to provide additional vehicle lanes, and the installation of sidewalks and landscaping. The major source of revenue for this fund is grants from other agencies and contributions from other funds. Total ending fund balance decreased by \$4.10 million from \$8.94 million in 2018 to \$4.84 million in 2019 due to spending on large projects such as the Adaptive Traffic Control system Project, City Center Access Phase I, Street Light LED Conversion project, and Military Road & S 298<sup>th</sup> Street Compacted Roundabout.

The Performing Arts & Event Center Construction Project Fund was used to accumulate the cost for the construction of the arts & event center. Ending fund balance increased by 7.4 million due to paying off the interfund loan, and bonding \$4.84 million.

#### **Proprietary funds**

The City of Federal Way's proprietary funds provide the same type of information found in the government-wide, but in more detail. Unrestricted net assets of the Surface Water Management Fund at the end of the year amounted to \$4.2 million, and those for Dumas Bay Centre amounted to \$1.5 million. The total changes in net position for both funds were \$0.6 million increase and \$0.05 million increase, respectively. Other factors concerning the finances of these two funds have already been addressed in the discussion of the City of Federal Way's business-type activities.

#### GENERAL FUND BUDGETARY AND ACTUAL HIGHLIGHTS

The City of Federal Way budgets on a biennial basis with each budget beginning in an odd numbered year. Appropriations for operating funds are authorized for two years, but must be reviewed and reauthorized by the City Council in the middle of the biennial period. In 2019, the City made budget adjustments. The following discussion is reflective only of the current year of the biennium.

The General Fund operating expenditure and other financing use budgets increased by \$1.3 million and \$1.5 million respectively between the original adopted budget and the adjusted budget for the 2019 fiscal year. The following is the major changes for the 2019 budget:

- Added \$0.14 million for public defender contract expenditures.
- Added \$0.13 million for outside human service agencies contract expenditures.
- Added \$0.09 million for community development nuisance abatement, and supplies expenditures.
- Added \$0.19 million in parks maintenance services and supplies expenditures.
- Added \$0.05 million in clerk election and hearing examiner expenditures.
- Added \$0.13 million in Police contracted overtime expenditures and equipment purchases.
- Added \$0.30 million in Finance, IT, and Community Development positions and temporary help.
- Added \$0.12 million in general government appraisal and miscellaneous services.

- Added \$0.10 million in Human Resources for salary and workload study.
- Added \$0.37 million for transfer out to street fund to subsidize maintenance operations.
- Added \$1.06 million for transfer out to performing arts & event center fund to subsidize operations.

Budget adjustments to revenues and other sources include: Adjustments to beginning balance of \$3.09 million; increase in community development permits and fees of \$1.48 million; increase in sales tax of \$0.32 million; increase in criminal justice sales tax of \$0.32 million; increase in property tax revenue of \$0.18 million; increase in admissions tax revenue of \$0.12 million; increase in gambling tax of \$0.06 million; increase in state shared revenue of \$0.26 million; increase in state and local grants of \$0.21 million; increase in Parks recreation program rental revenue of \$0.06 million; increase in leasing fees of \$0.11 million; increase in interest earnings \$0.10 million; decrease in utility tax transfer in of \$0.41 million; decrease in business license fees of \$0.09 million; and decrease in court revenue of \$0.18 million.

The General Fund ending fund balance of \$16.60 million is \$3.70 million above the projected \$12.90 million for 2019 yearend. A \$1.79 million increase in the beginning fund balance accounts for 48% of this increase in the ending fund balance.

The \$3.70 million increase in ending fund balance compared to budget is made up of \$1.79 million increase in beginning fund balance, a decrease of \$2.45 million in expenditures/other uses, offset by a decrease of \$0.54 million in revenues/other sources.

The \$0.54 million decrease in revenues/other sources is primarily attributed to a decrease in utility tax transfer in of \$1.84 million, offset by an increase of \$0.35 million in taxes, \$0.44 million in licenses and permits, \$0.08 million in intergovernmental revenues, \$0.19 million in service charges and fees, \$0.06 million in fines and forfeitures, \$0.10 million in interest, and \$0.07 million in other revenues.

The \$2.45 million unspent expenditures/other uses are primarily attributable to: \$2.45 million in various savings and timing of payments in General Fund departments such as Economic Development, Finance, Information Technology, Community Development, Public Works, and the hiring delay of Police Officers.

#### CAPITAL ASSET AND DEBT ADMINISTRATION

#### **Capital Assets**

The City of Federal Way's investment in capital assets for its governmental and business-type activities as of December 31, 2019 amounts to \$549.0 million (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment, infrastructure, park facilities and construction in progress. For more details, please see Note 8, and prior period adjustment Note 15, pages 60 and 77.

	Governmental			usiness-Type	Total			
		Activities		Activities		2019		2018
Land	\$	283,686,722	\$	11,340,293	\$	295,027,015	\$	294,991,811
Building and improvements		53,659,510		4,653,452		58,312,962		61,875,342
Machinery and equipment		6,800,270		69,045		6,869,315		6,804,488
Infrastructure		107,324,414		47,004,843		154,329,257		155,774,247
Construction in progress		34,471,239		38,391		34,509,630		29,437,382
Total Capital Assets	\$	485,942,156	\$	63,106,023	\$	549,048,180	\$	548,883,270

#### CAPITAL ASSETS AT YEAR-END, NET OF DEPRECIATION

Major capital asset events during the current fiscal year included the following amounts: Construction in progress added for expanding and improving the city streets, traffic corridors, and surface water management totaled \$8.9 million and Performing Arts and Event Center and various park improvements for \$0.2 million; offset by a \$4.0 million reduction due to the completion of various park projects, and street, traffic and surface water management related projects. Additionally there was land purchased and donated of \$0.03 million. Other improvements, buildings, infrastructure, and machinery and equipment decrease of \$4.9 million is primarily due to current year depreciation on assets. Remaining commitments for capital assets is described in Note 8.

#### Long-term debt

At the end of 2019, the City of Federal Way had total debt principal balance outstanding of \$33.5 million. The future principal and interest payments which are backed by the full faith and credit of the government will be \$42.6 million, and average annual debt service of \$1.9 million (See Note 11 pages 70 thru 73).

	-	Governmental Activities	В	usiness-Type Activities	e	Total		
General obligation bonds	\$	42,593,024	\$		-	\$	42,593,024	
Total	\$	42,593,024	\$		-	\$	42,593,024	

#### LONG-TERM DEBT (FUTURE PRINCIPAL AND INTEREST PAYMENTS)

The City's principal debt increased by \$1.9 million due to the addition of \$4.8 million in PAEC debt, offset by reduction of \$1.9 million in SCORE debt due to refinancing, and annual debt service payments of \$1.0 million for 2017 Target Property Bond, 2013 Refunded Community Center Bond, 2019 Section 108 loan, and Public Works Trust Fund Loan.

In February 2017, Moody's Investors Service upgraded from Aa3 to Aa2 rating for the City's 2013 Limited Tax General Obligation Refunding Bonds.

Washington State statutes limit the amount of debt a government entity may issue to 7.5% of its total assessed valuation, subject to 60% majority vote of qualified electors. Of the 7.5% limit, 2.5% is for general purposes, 2.5% for open space/park facilities, and 2.5% for utilities. Non-voted general purpose indebtedness is limited to 1.5% of assessed valuation and the combination of voted and non-voted general purpose indebtedness cannot exceed 2.5% of assessed valuation.

The City's taxable assessed valuation for 2019 was \$11.972 billion and the total amount of debt the City may issue is \$868.1 million. Remaining legal debt capacities as of December 31, 2019 are:

General government (no vote required) General government (3/5 majority vote required) Parks and open space (3/5 majority vote required) Utilities (3/5 majority vote required) **Total Capacity** 

\$149,759,386 (1.5% X 11.972B) +\$3.7M - \$33.5M \$119,724,092 (1.0% X 11.972B) \$299,310,231 (2.5% X 11.972B) <u>\$299,310,231</u> (2.5% X11.972B) **\$868,103,940 (See page 132)** 

Additional information on the City of Federal Way's long-term debt can be found in Note 11 on pages 70 thru 73 and in the Statistical Section of this report.

#### **REQUEST FOR INFORMATION**

This financial report is designed to provide a general overview of the City of Federal Way's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Finance Department, City of Federal Way, 33325 8<sup>th</sup> Avenue South, Federal Way, Washington 98003, telephone 253-835-2527, or visit the City's website at <u>www.cityoffederalway.com</u>.

# **BASIC FINANCIAL STATEMENTS**

#### **Government-Wide Financial Statements**

<u>Statement of Net Position</u> This statement provides information on all city assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between the two reported as net position.

<u>Statement of Activities</u> This statement is focused on both the gross and net costs of various functions, including both governmental and business-type activities, which are supported by the City's general tax and other revenues.

### RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

Amounts reported for governmental activities in the statement of activities (page 28) are different because:		2019
Net change in fund balancestotal governmental funds (page 32)	\$	6,717,001
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period. (page 53)	1	(13,874,994)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. (page 53)		(40,138)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the issuance proceeds of new debt as current financial resources and payment as the use of current resources, whereas these amounts reduce the net position. (page 53)		(3,690,559)
Internal service funds are used by management to charge costs of risk management, information systems, mail & duplication, fleet, and building systems to the funds. (page 39) \$178K - \$2.9K		175,301
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the funds. Includes adjustment for GASB 68 pension reporting. (page 53) \$2.28M - \$39K		2,238,388
Change in net position of governmental activities (page 28)	\$	(8,475,001)

#### NOTES TO THE BASIC FINANCIAL STATEMENTS For the Year Ended December 31, 2019

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Federal Way have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The significant accounting policies are described below.

#### **REPORTING ENTITY**

The City of Federal Way was incorporated on February 28, 1990. Federal Way is a non-charter code city, operating under Section 35A.03 of the Revised Code of Washington. It has a Mayor/Council form of government. The Council is composed of seven councilmembers elected to four-year terms on a non-partisan ballot and are elected at-large. Members of the City Council are responsible for establishing the general direction and policies for the City and for providing the resources necessary to carry out those policies. As the City's chief administrator, the City Mayor is responsible for carrying out the policy and direction set by the City Council. This includes the enforcement of laws and ordinances, the execution of contracts and agreements, and maintenance of peace and order in the City. The City of Federal Way provides a full range of municipal services, including policing, planning and zoning, street maintenance and construction, parks and recreation, and general administrative services. The City operates enterprise funds for Storm Water Management and Dumas Bay Centre.

The City's Comprehensive Annual Financial Report (CAFR) includes the funds, agencies and boards controlled by or dependent on the City. In conformance with Governmental Accounting Standards Board (GASB) Statement 14, "The Financial Reporting Entity", the primary basis of determining whether outside agencies and organizations should be considered component units of the City is Financial Accountability. Financial Accountability is dependent on the City's obligation to redeem the organization's debts, to finance the organization's deficits, and the extent to which subsidies from the City constitute a major portion of the organization's total resources. Applying these criteria, as outlined in GASB Statement 14, the City has no relationships that qualify as component units.

#### **Financial Accountability**

Financial accountability is defined as an appointment of a voting majority of an agency's or organization's board, and either the City's ability to impose its will on the agency or organization or the possibility that the agency or organization will provide a financial benefit to or impose a financial burden on the City.

#### Joint Ventures

A joint venture is a legal entity or organization which results from a contractual arrangement that is owned, operated, or governed by two or more participants as a separate activity subject to joint control, in which participants retain an ongoing financial interest or an ongoing financial responsibility. The City participates in one joint venture: Valley Communications Center. On September 4<sup>th</sup>, 2018 the City Council decided to withdraw from the SCORE interlocal agreement effective on January 1<sup>st</sup>, 2020 per city resolution 18-741 in 2019. See Note 14, Joint Venture, which more fully describe these organizations.

#### BASIS OF PRESENTATION - GOVERNMENTAL-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information on all non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Our policy is to allocate indirect costs to specific functions or segments. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements, or a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

As a general rule the effect of the interfund activity has been eliminated for the government-wide financial statements. Interfund services provided and used are not eliminated in the process of consolidation.

Separate fund financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

<u>General Fund</u> – This is the City's general operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

<u>Street Fund</u> – This fund accounts for the receipt and disbursement of State-levied motor vehicle fuel taxes which must be accounted for in a separate fund and expended for street-oriented engineering, maintenance and operations.

<u>Utility Tax Fund</u> – This fund was established to account for all utility tax receipts. These receipts will subsequently be distributed to various funds to provide for debt service, capital projects, maintenance and operations expenditures, etc. as determined by the City Council.

<u>Debt Service Fund</u> – This fund accounts for the accumulation of resources for the payment of general obligation and assessment bond principal, interest and related costs.

<u>Performing Arts & Event Center Operations Fund</u> – This fund was established to account for receipts and disbursements related to the operation of the Performing Arts & Event Center facility.

<u>Transportation CIP Fund</u> – This fund accounts for receipts and disbursements related to acquisition, design, construction and any other related street project expenditures.

<u>Performing Arts & Event Center Construction Project Fund</u> – This fund was established to account for receipts and disbursements related to the construction of the Performing Arts and Event Center (PAEC). The construction of this building has been completed.

The City reports the following fund groups as non-major funds:

<u>Special Revenue Funds</u> – These funds are to be used to account for the proceeds of revenues and sources (other than special assessments, expendable trust or major capital projects) that are committed or legally restricted to expenditures for specified purposes.

<u>Capital Project Funds</u> – These funds account for the acquisition or construction of major capital facilities with the exception of those facilities financed by the proprietary fund. The major sources of revenues for these funds are general obligation bond proceeds, grants from other agencies, local taxes, contributions from other funds, utility tax, and real estate excise tax.

The City reports the following major enterprise funds:

<u>Surface Water Management Fund</u> – This fund was established to administer and account for all receipts and expenditures related to the City's surface and storm water management system.

<u>Dumas Bay Centre Fund</u> – This fund was established to account for revenues and expenses related to the acquisition, capital improvements maintenance and operations of the City-owned Dumas Bay Centre and Knutzen Family Theatre. The Dumas Bay Centre is primarily used for meetings, events, lodging, and catering services.

Additionally, the City reports following internal service funds:

<u>Risk Management Fund</u> – This fund accounts for the City's risk financing activities established to minimize adverse effects of losses associated with property and casualty, and worker's compensation claims. Both risk control (to minimize the losses that strike an organization) and risk financing (to obtain finances to provide for or restore the economic damages of those losses) are involved. The City is also currently recovering costs and building reserves for general liability including property, casualty, errors and omissions and fidelity coverage.

<u>Information Systems Fund</u> – This fund was established to account for all costs associated with data processing, telecommunications and the Geographical Information System (GIS). This fund owns and depreciates all non-proprietary fund assets related to these functions, and charges equipment/software users for both maintenance and operating costs and equipment replacement charges based on depreciation schedules.

<u>Mail & Duplication Fund</u> – This fund accounts for duplication, graphics and other general support services provided to departments and funds throughout the City.

<u>Fleet and Equipment Fund</u> – This fund accounts for the cost of maintaining City vehicles and other motorized equipment. Rates charged to user departments are based on the full cost of maintaining equipment items, including the recovery of related depreciation expense.

<u>Buildings and Furnishings Fund</u> – This fund accounts for all costs associated with the operation and maintenance of specified City buildings. City building facilities and furnishings are owned by this Fund. Both maintenance/operating costs and depreciation recovery are charged to City departments and funds.

<u>Health Insurance Fund</u> – The City is currently self-insuring for medical insurance. The premiums paid by the City and employees are deposited into this fund. Medical service for medical coverage and pharmaceutical reimbursement are paid out of this fund. Also, the fund has established reserves for the payment of estimated future claims.

<u>Unemployment Insurance Fund</u> - The City is currently self-insuring State Unemployment Compensation. Related premiums received by the fund are used to reimburse the unemployment benefits paid to eligible individuals and to establish reserves for the payment of estimated future unemployment claims liability.

Internal Service Funds account for goods and services provided to other departments or agencies of City of Federal Way, or to other governments, on a cost-reimbursement basis.

The City reports the following fiduciary fund:

<u>Auto Theft Task Force Fund</u> – This fund is a private-purpose trust fund that acts as an agent on behalf of other governments. This fund accounts for contributions held in a fiduciary capacity for the Puget Sound Auto Theft Task-Force.

#### **MEASUREMENT FOCUS, BASIS OF ACCOUNTING**

#### **Government-Wide and Governmental Funds**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, similar to the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City of Federal Way considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The City considers property tax as available if they are collected within 60 days after year end. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, licenses, and interest associated within the current period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Only the portion of property tax receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

Major revenues recorded on the modified accrual basis are:

**Property Taxes** - King County acts as the City's collection agent for these taxes. Upon receipt, the County electronically transmits to the City the taxes which it has collected on the City's behalf in the prior day. On this basis, property taxes received in January are considered both measurable and available and are therefore recognized as revenue in the current year.

*Other Locally Levied Taxes* - King County also acts as the City's collection agent for the 0.25% and optional 0.25% real estate excise taxes. Although a time lag occurs in payment of these taxes to the City, since the taxes are actually collected by King County in December and receipted to the City within 10 days after the end of the year, they are considered to be both measurable and available, and are, therefore, accrued as revenue at year end. The State of Washington acts as the City's collection agency for the locally levied sales tax. The sales tax is distributed monthly and remitted to the City in the following month. The Sales Tax remittance in January is considered both measurable and available and is therefore accrued as revenue at year-end.

*Grant Revenues* - Under Section G60.109 of the Codification of Governmental Accounting and Financial Reporting Standards, revenues for cost reimbursement grants are determined to be earned and, therefore, available at the time related expenditures are incurred. For this reason, grant revenues to be received as reimbursement for expenditures incurred in the current year are also recognized as revenue in that year.

*Shared Revenues* - Revenues that have been collected by the State, but not remitted by an intermediary collection agency to the City, are considered measurable and available.

*Other Revenue Sources* - Other items recognized as revenue in the current year on the modified accrual basis include investment interest earned but not received at year end; inter-fund, and intergovernmental service billings related to services provided in the current year which are outstanding at year end; and any other material revenue amounts determined to be both measurable and available under current modified accrual accounting practices. Revenues not considered to meet the criteria for recognition on the modified accrual basis include licenses and permits, fines and forfeitures, and other miscellaneous revenues which are generally not measurable until received.

#### **Proprietary Funds**

The proprietary fund statements are reported using the economic resources measurement focus and full-accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when liability is incurred regardless of the timing of the cash flows.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City are primarily user charges, and the cost of providing goods or services to the general public on a continuing basis. Operating expenses for enterprise and internal service funds includes the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

#### **Other Disclosure**

The City was neither the lessor nor lessee in capital leases; has not been the recipient of an endowment; did not engage in short-term debt activity during the year; has not issued special assessment debt; does not benefit from on-behalf payment; has not pledged future revenues; has not incurred an obligation for pollution remediation; had no hedging derivatives; is not the transferor or operator in a service concession arrangement; and does not provide other post-employment benefits (OPEB), and was not the transferor or continuing government in a merger, transfer of operation, etc.

#### **BUDGETARY INFORMATION**

#### Scope of Budget

Annual appropriated budgets are adopted for the general, some special revenue, and debt service funds on the modified accrual basis of accounting. For governmental funds, there are no differences between the budgetary basis and generally accepted accounting principles. Budgets for debts service and capital project funds are adopted at the level of the individual debt issue or project and for fiscal periods that correspond to the lives of debt issues or projects.

Legal budgetary control is established at the fund level, i.e., expenditures for a fund may not exceed the total appropriation amount. Any unexpended appropriation balances for annually budgeted funds lapse at the end of the year. Appropriations for other special purpose funds that are non-operating in nature are adopted on a "project-length" basis and, therefore, are carried forward from year to year without re-appropriation until authorized amounts are fully expended or the designated purpose of the fund has been accomplished.

The individual funds within each fund type which are included in the City's biennial operating budget (funds budgeted on an annual basis) are:

General Fund	Special Revenue Funds - Street Fund - Arterial Street - Utility Tax (including Prop I - Solid Waste & Recycling - Special Contracts / Studies - Hotel/Motel Lodging Tax - Federal Way Community Cer - Traffic Safety - Community Development Blo	nter	Capital Project Funds -Downtown Redevelopment -City Facilities -Parks -Transportation -Capital Project Reserve -Performing Arts & Event Center -Surface Water Management -Real Estate Excise Tax
	- Community Development Blo -Paths & Trails -Performing Arts & Event Cer		

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year end do not constitute expenditure or liabilities because the commitments will be re-appropriated and honored during the subsequent year.

#### Procedures for Adopting the Biennial Budget

-Technology

The City's budget process and the time limits under which the budget must be prepared are defined by the Revised Code of Washington (RCW) 35A.33. The procedures followed in establishing the biennial budget are described below:

- By late May the official budget call is made by the Finance Director for current level service budgets and a preliminary financial forecast.
- By late June, departments submit their preliminary expenditure estimates and the Finance department updates the preliminary revenue estimates to define resources available to finance coming year expenditure programs.
- By the first Tuesday in September, the Mayor submits a proposed budget to the City Council. This budget is based on priorities established by the Council and estimates provided by City departments during the preceding months, and balanced with revenue estimates made by the Finance Director. Copies of the preliminary budget are provided to the City Council and made available to staff and the public.
- City Council conducts workshops and public hearings on the proposed budget between mid-September and mid-October.
- No later than the third Monday in November, the City Council must adopt an ordinance to establish the amount of property taxes to be levied in the coming year.
- No later than the first two weeks of November, the City Clerk publishes a notice of the filing of the preliminary budget and notices of public hearings to be held during preliminary budget deliberations.
- Two public hearings on the proposed budget are also held during October and November. Final hearings on the budget must begin on or before the first Monday of December, and may continue until the 25th day prior to beginning of the next fiscal year.
- By December 31, the City Council makes its adjustments to the proposed budget and adopts a final budget by ordinance.
- The final operating budget, as adopted, is published and distributed within the first three months of the following year. Copies of the adopted budget are made available to the public.

#### Amending the Budget

The Mayor is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of a fund or that affect the number of authorized employee positions, salary ranges, hours, or other conditions of employment must be approved by the City Council.

When the City Council determines that it is in the best interest of the City to increase or decrease the appropriation for a particular fund, it may do so by ordinance approved by one or more than the majority after holding public hearing(s).

The budget amounts shown in the financial statements are the final authorized amounts as revised during the year.

The financial statements contain the original and final budget information. The original budget is the first complete appropriated budget. The final budget is the original budget adjusted by all reserves, transfers, allocations, supplemental appropriations, and other legally authorized changes applicable for the fiscal year.

#### ASSETS, LIABILITIES, FUND BALANCE, NET POSITION

#### **Cash and Cash Equivalents**

The City follows the practice of pooling cash and investments of all funds for investment purposes, except for cash held in escrow, which is disclosed separately on the balance sheet. Each fund's portion of total cash and investments is summarized by fund type in the combined balance sheet as cash and cash equivalents and investments.

It is the City's policy to invest all cash not immediately required for disbursement. At December 31, 2019, the State Treasurer was holding \$39,757,807 in the Local Government Investment Pool. The amount is classified on the balance sheet as cash and cash equivalents in various funds. The interest on these investments is prorated to the various funds based on the average monthly balance for each fund.

The amounts reported as cash and cash equivalents also include compensating balances maintained with certain banks in lieu of payments for services rendered. The average compensating balances maintained during the 2019 were approximately \$16 million.

For purposes of the statement of cash flows, the City considers all highly liquid investments with a maturity of three months or less when purchased, to be cash equivalents. At December 31, 2019, the total cash and cash equivalents were \$65,225,962. In accordance with GASB Statement 79, LGIP investments are measured at amortized cost. See (Note 5 - *Deposits and Investments*). Cash with escrow agent was \$175,985.

#### Investments

The City as of December 31, 2019, had \$4,953,665 in authorized investments, and was in compliance with the investment policy of the City. See (Note 5 - *Deposits and Investments*).

#### Receivables

Taxes receivable consists of property taxes and related interest and penalties (see Note 6 - *Property Tax*). Accrued interest receivable consists of amounts earned on investments, notes, and contracts at the end of the year.

Customer accounts receivable consist of amounts owed from private individuals or organizations for goods and services including amounts owed for which billing have not been prepared. Notes and contracts receivable consist of amounts owed on open accounts from private individuals or organizations for goods and services rendered.

#### Amounts Due to and from Other Funds; Interfund Loans

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as *interfund loans receivable/payable* or *advances to/from other funds*. All other outstanding balances between funds are reported as *due to/from other funds*. A separate schedule of inter-fund loans receivable and payable is furnished in Note 12, *Interfund Transactions*.

#### **Inventories and Prepaids**

Inventories in the governmental funds are recorded as expendable supplies held for consumption. The cost is typically recorded as expenditure at the time individual inventory items are purchased. Amounts remaining at year-end are immaterial and, therefore, are not reflected on the balance sheets of those funds except for the Performing Arts & Event Center. There were no material inventories at year-end in the Internal Service or Enterprise Funds. The City currently uses the consumption method of accounting for prepaids.

#### **Capital Assets**

Capital assets, which include property, plant, equipment, and infrastructure (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City of Federal Way as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one or more years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. See Note 8, *Capital Assets*.

Cost of normal maintenance and repairs are not capitalized. However, cost for additions or improvements to capital assets are capitalized when they increase the effectiveness or efficiency of the asset, or capital asset's estimated useful life.

Depreciation on all capital assets is recorded as an allocated expense in the government-wide Statement of Activities and in the proprietary fund statements. Property, plant, and equipment of the primary government are depreciated using the straight line method over the following estimated useful lives:

Asset Class	Life in Years
Computers	5-6
Printers & Faxes	7
Telecommunications Equipment	7
Police Radio Equipment	11
Other Office Equipment	4-10
Office Furniture and Fixtures	10
Recreation Equipment	10
Parks Equipment	6-10
Police Equipment	9-11
Shop/Miscellaneous Equipment	10-12
Heavy Work Equipment	10-16
Non-Police Vehicles	7
Police Patrol Vehicles	5-7
Police Non-Patrol Vehicles	
Heavy Trucks	8-10
Land Improvements	20
Buildings	
Infrastructure	

#### **Deferred Inflows of Resources**

A deferred inflow of resources is an acquisition of net assets by the government that is applicable to a future reporting period. See (Note 6 - Property Tax) and (Note 9 - Pension Plans)

#### **Compensated Absences Payable**

The City records a liability for all outstanding vacation pay and accrued compensatory time. In governmental funds, vacation pay and compensatory time is recorded as expenditures when paid which occurs when used or upon termination. In the entity-wide statements and the proprietary fund statements, vacation pay and compensatory time is recorded as a liability and expense in the year earned.

Employee vacation leave is accumulated monthly at rates ranging from 12 to 27 days per year depending on term of employment. Employees may accumulate up to a maximum of 240 hours of vacation leave, except the Commissioned staff, who can accrue up to a maximum of 440 hours. Outstanding vacation leave is payable upon termination of employment at the following rate: City Employees up to 240 hours and Commissioned staff members will be paid out up to two times their annual accrual rate.

A non-exempt employee may request compensatory time off in lieu of overtime payment. Compensatory time is accrued at a rate of one and one-half hours for each hour of overtime worked, to a maximum of eighty hours for all non-exempt employees.

Sick leave may be accumulated up to a maximum of 740 hours for regular City employees per City policy and 1,080 hours for Commissioned staff. The monthly accrual rate for City employees is 8 hours per month. Accumulated sick leave is not payable upon termination of employment for City employees. For Commissioned staff upon retirement into LEOFF II, twenty-five percent of unused sick leave will be cashed out up to a maximum of 270 hours; 100% will be cashed out if death occurs in the line of duty. Outstanding sick leave at year-end is not accrued due to the difficulty in estimating the portion of existing balances likely to result in expenditures in future periods. Compensated Absences Payable outstanding at year-end is outlined in Note 11.

#### Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of all state sponsored pension plans and additions to/deductions from those plans' fiduciary net position have been determined on the same basis as they are reported by the Washington State Department of Retirement Systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. See (Note 9 – *Pension Plans*).

#### Long-Term Liabilities

In the government-wide financial statements and the proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net position. See (Note 11 - *Long-Term Debt*).

#### **Unearned Revenues**

Unearned revenue is a liability account that reports amounts received in advance of providing goods or services. For detailed information, See (Note 7 – *Unearned Revenues and Receivables*).

#### **Fund Balance Classification**

Fund balance is a measurement of available financial resources and is the difference between total assets and total liabilities in each fund.

Beginning with the most restrictive constraints, fund balance amounts will be reported in the following categories:

*Nonspendable* – amounts that are not in a spendable form or are legally or contractually required to be maintained intact.

*Restricted* – amounts that can be spent only for the specific purposes stipulated by external parties either constitutionally or through enabling legislation.

*Committed* – amounts that can be used only for the specific purposes determined by formal action of the City Council through an ordinance or resolution. Commitments may be changed or lifted by the action of the City Council using the same formal action of ordinance or resolution that was used to create the commitment.

*Assigned* – amounts *intended* to be used by the government for specific purposes. Intent can be expressed by the City Council or the Mayor. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other government funds, at a minimum, are intended to be used for the purpose of that fund.

*Unassigned* – includes all amounts not contained in other classifications and is the residual classification of the general fund only. Unassigned amounts are available for any legal purpose.

The council can use a resolution to modify or rescind a fund balance commitment. When an expenditure is incurred for which both restricted and unrestricted resources are available, it is the City's policy to use restricted resources first. When unrestricted (committed, unassigned) resources are available, it is the City's policy to spend committed resources first, and then unassigned, in that order. The minimum fund balance established by the Reserve Policy, and passed by resolution from the City Council, states "The City shall have an operating cash flow reserve of seventeen percent of the City's General Fund operating expenditures or \$9 million. In addition, the City shall have a contingency for unanticipated cost of \$1 million to cover revenue shortfalls resulting from unexpected economic change or recessionary periods, or to provide funds in the event

of major unplanned expenditures the City could face as a result of natural disasters. The policy shall also include a strategic opportunities reserve of \$2 million to provide liquidity to respond to economic opportunity that is not budgeted for that may provide a long term economic benefit to the City. In the event that any of the Contingency or Strategic Opportunities Reserve is used, such appropriation shall be repaid to the fund annually over the next three years. The purpose of the ending fund balance is to provide financial stability, cash flow for operations and the assurance that the City will be able to respond to revenue shortfalls with fiscal strength." General fund expenditures on December 31, 2019 were \$48.8 million and Unassigned General fund balance at year-ended 2019 was \$15.9 million or (33%).

Other funds that have a significant minimum fund balance policy are: Street Fund - \$0.5 million; Arterial Street Fund - \$0.1 million; Utility Tax Fund - \$2.5 million, REET Fund – one year revenue reserve; Park Equipment and Infrastructure Reserve Fund - \$1.125 million; Hotel/Motel Lodging Tax Fund - \$0.2 million; Community Center Fund - \$1.5 million; Traffic Safety Fund - \$1.2 million; Debt Service Fund – adequate reserve in accordance with bond ordinance or minimum of one year debt service amount; Dumas Bay Centre Fund - \$1.5 million; and Surface Water Management Fund - \$0.5 million.

The Government-wide statement of net position reports \$588.3 million of net position, of which \$18.9 million is restricted by the enabling legislation, and \$526.3 is for net investment in capital assets (there are no unspent proceeds of debt).

#### **Interfund Transactions**

There are three types of transactions between funds: inter-fund loans, inter-fund services provided and used, and inter-fund transfers. Interfund loans are temporary borrowings of cash which do not affect operating statements, but which may incur interest expense or expenditure to the borrowing fund. Interfund services provided and used are equivalent to buying goods or services from an outside vendor, and are accounted for by the related funds as revenues, expenditures or expenses. The interfund transfers are accounted for as "other financing sources and uses" and are therefore included in the operating statements (see Note 12).

#### NOTE 2 - RECONCILIATION OF GOVERNMENT-WIDE & FUND FINANCIAL STATEMENTS

# Explanation of Certain Differences between the Governmental Funds Balance Sheet and the Government-Wide Statement of Net Position

The governmental funds' balance sheet includes reconciliation between *fund balance – total governmental funds and net position – governmental activities* as reported in the government-wide statement of net position. One element of the reconciliation explains that "long-term liabilities, including bonds payable, are not due and payable in the current period, and, therefore, are not reported in the funds." The details of this \$45,920,851 difference are as follows:

Bonds Payable & Premium at beginning of year	\$ 31,733,611
Plus: Inclusion of compensated absences	2,035,728
Plus: Current year addition/reduction of principal portion of debt & premium	3,690,559
Plus: Net Pension Liability	5,122,430
Plus: Deferred Inflows of Resources Related to Pensions	6,129,025
Less: Deferred Outflows of Resources Related to Pensions	(2,790,503)
Net Adjustment to reduce fund balances-total governmental	
funds to arrive at net position - governmental activities	\$ 45,920,851

# Explanation of Certain Differences between the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-Wide Statement of Activities

The governmental funds' statement of revenues, expenditure, and changes in fund balances includes reconciliation between *net changes in fund balances – total governmental funds and changes in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense." The details of this \$(13,874,994) difference are as follows:

Capital outlay	\$ 10,612,471
Plus: Contributed Capital	476,400
Less: Governmental depreciation expense	(9,133,901)
Less: Net Decrease in investment in joint venture	(15,829,965)
Net adjustment to increase net changes in fund balances -	
Total governmental funds to arrive at changes in net position	
of governmental activities	\$ (13,874,994)

Another element of the reconciliation states that "Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds." This item presents:

Property taxes earned reported as deferred inflow of resources in the fund statements \$ (40,138)

Another element of the reconciliation states that "Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the funds." This item represents:

Compensated absences (39,157)

Accrual adjustment for GASB 68 pension reporting \$ 2,277,543

#### NOTE 3 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

There have been no material violations of finance-related legal or contractual provisions, and there have been no expenditures exceeding legal appropriations in any of the funds of the City.

#### **NOTE 4 – SUPPLEMENTAL APPROPRIATIONS**

#### **Operating Budget Funds**

Appropriations established during 2019 for the City's operating budget funds are provided below. As explained in Note 1, both original and supplemental appropriations are adopted by the City Council by ordinance. Both original and final budget appropriations are shown on the accompanying financial statements. The final budget values include all adopted adjustments to original budget amounts. This table does not include transfers out or Proprietary Funds.

2019 Operating Budget Funds									
Fund		Original Budget		Supplemental Appropriations		Final Budget			
General Fund	\$	50,009,628	\$	1,264,936	\$	51,274,564

Total:	\$	84,382,730	\$	26,291,917	\$	110,674,647			

#### NOTE 5 – DEPOSITS AND INVESTMENTS

As required by state law, all deposits and investments of the City's funds are obligations of the U.S. Government, the Local Government Investment Pool (LGIP), bankers' acceptances, or deposits with Washington State banks and savings and loan institutions. In 2019 the City utilized all the above with the exception of bankers' acceptances as legal authorized investment instruments. The City's investment policies are described in Note 1.

#### **Cash and Deposits**

The City follows the practice of pooling cash and investments of all funds, except restricted funds and funds held with a trustee or in escrow, for investment purposes as disclosed in Note 1. At December 31, 2019, the equity in pooled cash and investments was \$70,355,612.

At year-end, the City had \$70,179,627 in cash, cash equivalents, and investments which consisted of investments with the LGIP of \$39,757,807; U.S. Treasury Agency of \$4,953,665; the City's checking account bank balance prior to outstanding checks was \$24,914,057; deposit account of \$250, Performing Arts & Event Center checking account and change fund totaling \$280,486, petty cash, change fund, advance travel, and investigative fund totaling \$48,550, and Court Trustee Fund of \$224,812. Cash held with an escrow agent is \$175,985. No deposits were uninsured or uncollateralized. Insurance coverage up to \$250,000 is through federal depository insurance and the Washington Public Deposit Protection Commission (WPDPC) covers amounts over \$250,000. Under State statute, members of WPDPC, a multiple-financial institution collateral pool, may be assessed on a prorated basis if the pool's collateral is insufficient to cover a loss. Investments are presented on balance sheet in the basic financial statements at fair value.

In accordance with GASB Statement 79, LGIP is reported on amortized cost basis. Furthermore, the City can invest and withdraw their investments on a daily basis with a limit of one transaction per business day and minimum transaction amount of five thousand dollars. There is no maximum transaction amount, but an investment or withdrawal of ten million dollars or more, a one-day notification prior to the transfer date is requested, but not required.

The State Treasurer's Office administers the Washington State LGIP authorized under Chapter 43.250 RCW. In its management of LGIP, the State Treasurer adheres to the principles appropriate for the prudent investment of public funds. In priority order, they are the safety of principal, the assurance of sufficient liquidity to meet cash flow demands.

#### Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of a failure of a depository financial institution, the City would not be able to recover deposits or will not be able to recover collateral securities that are in possession of an outside party. As of December 31, 2019, the City is not exposed to custodial credit risk as there are not investments held with a brokerage firm or counterparty. City resolution number 13-633 directs that the assets of the City shall be secured through a third party custodian in the form of a Safekeeping Agreement to guard against potential fraud and embezzlement. The City has investments safekeeping and custody with Key Bank National.

#### Foreign Currency Risk

Foreign currency risk for deposits is the risk that changes in exchange rates that will adversely affect the deposit. The exposure to foreign currency risk for deposits as of December 31, 2019 does not exist for the city.

#### Investments

Investments are subject to the following risks.

#### Interest Rate Risk

Interest rate risk is the risk the city may face should interest rate variances affect the fair value of investments. As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy states that "no more than 20% of the portfolio may be invested beyond 12 months, and average maturity of the portfolio may not exceed 2 years."

As of December 31, 2019 the City had the following investments and maturities:

<u>Investment maturities</u>											
				Less than		1 to 2	G	reater than			
Investment Type	]	Fair Value		1 year		years		3 years

Statement of Net Position			\$	70,355,612							

#### SCHEDULE OF INVESTMENTS BY MATURITIES AS OF DECEMBER 31, 2019

#### Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. State law and the City's investment policy limits the instruments in which the City may invest. The following are categories of investments authorized under the City's policy, in general order of safety and liquidity: Local Government Investment Pool (LGIP); repurchase agreements; U.S. treasury obligations; U.S. government agencies; U.S. government-sponsored corporations/instrumentalities; bankers' acceptances (secondary market domestic and foreign); commercial paper (secondary market); insured certificates of deposit (banks and savings & loans); and uninsured/collateralized certificates of deposit (banks and savings & loans).

The credit risk of the State Investment Pool is limited to obligations of the US Government, government sponsored enterprises, or insured demand deposit accounts and certificates of deposit.

The LGIP is unrated. U.S. Treasury Agency is rated Aaa by Moody's rating service.

#### Custodial Credit Risk

Custodial credit risk is the risk that in the event of a failure of the counterparty to an investment transaction the City would not be able to recover the value of the investment of collateral securities. As of December 31, 2019, the City is not exposed to custodial credit risk as there are not investments held with a brokerage firm or counterparty. City resolution number 13-633 directs that the assets of the City shall be secured through a third party custodian in the form of a Safekeeping Agreement to guard against potential fraud and embezzlement. The City has investments safekeeping and custody with Key Bank National.

#### Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. The investment policy states: "no more than 5% of the portfolio may be invested in the securities of a single issuer, except for the U.S. Treasury, to which no limits apply, and commercial paper, which is limited to 3% of the portfolio in accordance with state law. No more than 30% of the portfolio may be invested in bankers' acceptances and certificates of deposit."

As of December 31, 2019 City investments were 89% in LGIP and 11% in U.S. Treasury Agency.

#### Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair market value of an investment. The city does not have a formal policy for foreign currency risk, and does not invest in foreign currency.

#### **Investments Measured at Amortized Cost**

As of December 31, 2019, the City had the following investments at amortized cost:

AS OF DECEMBER 31, 2019									
Investment Type	Weighed Average Maturities (Days)		Investments		Total				
State Treasur's Investment Pool	51 Days	\$	39,757,807	\$	39,757,80				

# SCHEDULE OF INVESTMENTS AT AMORTIZED COST

#### **Investments Measured at Fair Value**

The City measures and reports investments at fair value using the valuation input hierarchy established by generally accepted accounting principles, as follows:

\$

39,757,807

\$

39,757,807

- Level 1: Quoted prices in active markets for identical assets or liabilities,
- Level 2: These are quoted market prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other than quoted prices that are not observable;
- Level 3: Unobservable inputs for asset or liability.

At December 31, 2019, the City had the following investments measured at fair value:

#### SCHEDULE OF INVESTMENTS AT FAIR VALUE OF DECEMBER 31, 2019

		Quoted Prices in Active Markets for Identical Assets	Significant Other Observable Inputs	Significant Unobservable
Investment Type	12/31/2019	(Level 1)	(Level 2)	Inputs (Level 3)
U.S. Treasury Agency	4,953,665		4,953,665	
Total By Fair Value Level	\$ 4,953,665	\$ -	\$ 4,953,665	\$ -

#### Other Information

Below is a schedule of investments by fund type:

SCHEDULE OF INVESTMENTS BY FUND CATEGORY AND INVESTMENT TYPE AS OF DECEMBER 31, 2019								
Fund Type	SIP	Investments	Total					
General Fund \$	7,741,857	\$ 1,369,078	\$ 9,110,935					
Other Major Funds	7,486,931	1,278,269	8,765,200					
Special Revenue Funds	4,140,813	727,711	4,868,524					
Capital Projects Funds	4,712,467	838,838	5,551,305					
Enterprise Funds	4,108,191	739,769	4,847,960					
Internal Services Funds	11,567,548	-	11,567,548					
Total: \$	39,757,807	\$ 4,953,665	\$ 44,711,472					

#### NOTE 6 – PROPERTY TAXES

The King County Treasurer is responsible for collecting property taxes levied in the County by all taxing districts. Amounts collected by the County on the City's behalf are remitted daily.

#### PROPERTY TAX CALENDAR:

January 1	Taxes are levied and become an enforceable lien against properties
February 14	Tax bills are mailed
April 30	First of two equal installment payments is due
May 31	Assessed value of property established for next year's levy at 100% of market value
October 31	Second installment is due

As described in Note 1, taxes are levied and become an enforceable lien against properties as of January 1. Annual tax billings may be paid in two equal installments, due April 30 and October 31. At December 31, 2019, the balance of property taxes receivable recorded by the City was \$162,992. Of this, \$142,296 is recorded as deferred inflow of resources, since it was not collected within the first 60 days of the end of 2019.

Property taxes are recorded as a receivable when levied, offset by deferred inflow of resources. During the year, property tax revenues are recognized when cash is collected. At year-end, property tax revenues are recognized for collections expected to occur within 60 days. No allowance for uncollectible taxes is established because delinquent taxes are considered fully collectible.

Under State law, the maximum levy (for general governmental services) is up to \$3.60 per \$1,000 of assessed valuation, subject to two limitations, set forth below. Since the City of Federal Way is not a full service city, the City is only allowed \$1.60. The remaining \$2.00 is for the fire district (\$1.50) and library district (\$0.50).

- 1. Chapter 84.55 of the State RCW was amended by Initiative No. 747 (which was passed by voters on November 6, 2001), limits the total dollar amount of regular property taxes levied by the City to the amount of such taxes levied in the three most recent years multiplied by a limit factor, plus an adjustment to account for taxes on new construction, improvements and state-assessed property at the previous year's rate. As amended by Initiative No. 747, the limit factor is the lesser of 101% or 100% plus the percent change in the Implicit Price Deflator, unless a greater amount is approved by a simple majority of the voters; and
- 2. The Washington State Constitution limits the total regular property taxes to 1% of assessed valuation or \$10 per \$1,000 of value. If the taxes of all districts exceed this amount, each is proportionately reduced until the total is at or below the 1% limit.

For levy year received in 2019, the City's regular tax levy was \$0.97350 per \$1,000 on a 2018 assessed valuation of \$11,393,138,728 for a total regular levy of \$11,016,216.

#### **Deferred Inflow of Resources**

The table below provides details of the deferred inflow of resources as reported on the fund financial statements.

DEFERRED INFLOW OF RESOURCES AS OF DECEMBER 31, 2019					
Deferred Inflow	General	Total General Govt			
Property tax	\$ 142,296	\$ 142,296			
Total by Fund:	\$ 142,296	\$ 142,296			

### NOTE 7 – UNEARNED REVENUES AND RECEIVABLES

#### **Unearned Revenues**

The table below provides details of the unearned revenues as reported on the statement of net position.

UNEARNED REVENUES AS OF DECEMBER 31, 2019									
Unearned Revenues	General	Street	PAEC Oper.	Transportation	Nonmajor Gov't	Total General Govt	Surface Water Mgmt	Dumas Bay Centre	Total Proprietary

Total Depreciation - Business-Type Activities	\$ 725,232				

#### NOTE 9 – PENSION PLANS

The following table represents the aggregate pension amounts for all plans subject to the requirements of the GASB Statement 68, *Accounting and Financial Reporting for Pensions* for the year 2019:

Aggregate Pension Amounts – All Plans				
Pension liabilities	(\$5,782,289)			
Pension assets	\$9,116,488			
Deferred outflows of resources	\$2,963,113			
Deferred inflows of resources	(\$6,505,437)			
Pension expense/expenditures	\$654,663			

#### **State Sponsored Pension Plans**

Substantially all City of Federal Way full-time and qualifying part-time employees participate in one of the following statewide retirement systems administered by the Washington State Department of Retirement Systems, under cost-sharing, multiple-employer public employee defined benefit and defined contribution retirement plans. The state Legislature establishes, and amends, laws pertaining to the creation and administration of all public retirement systems.

The Department of Retirement Systems (DRS), a department within the primary government of the State of Washington, issues a publicly available comprehensive annual financial report (CAFR) that includes financial statements and required supplementary information for each plan. The DRS CAFR may be obtained by writing to:

Department of Retirement Systems Communications Unit P.O. Box 48380 Olympia, WA 98540-8380 Or

downloaded from the DRS website at www.drs.wa.gov.

#### Public Employees' Retirement System (PERS)

PERS members include elected officials; state employees; employees of the Supreme, Appeals and Superior Courts; employees of the legislature; employees of district and municipal courts; employees of local governments; and higher education employees not participating in higher education retirement programs. PERS is comprised of three separate pension plans for membership purposes. PERS plans 1 and 2 are defined benefit plans, and PERS plan 3 is a defined benefit plan with a defined contribution component.

**PERS Plan 1** provides retirement, disability and death benefits. Retirement benefits are determined as two percent of the member's average final compensation (AFC) times the member's years of service. The AFC is the average of the member's 24 highest consecutive service months. Members are eligible for retirement from active status at any age with at least 30 years of service, at age 55 with at least 25 years of service, or at age 60 with at least five years of service. Members retiring from active status prior to the age of 65 may receive actuarially reduced benefits. Retirement benefits are actuarially reduced to reflect the choice of a survivor benefit. Other benefits include duty and non-duty disability payments, an optional cost-of-living adjustment (COLA), and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries. PERS 1 members were vested after the completion of five years of eligible service. The plan was closed to new entrants on September 30, 1977.

#### **Contributions**

The **PERS Plan 1** member contribution rate is established by State statute at 6 percent. The employer contribution rate is developed by the Office of the State Actuary and includes an administrative expense component that is currently set at 0.18 percent. Each biennium, the state Pension Funding Council adopts Plan 1 employer contribution rates. The PERS Plan 1 required contribution rates (expressed as a percentage of covered payroll) for 2019 were as follows:

PERS Plan 1		
Actual Contribution Rates	Employer	Employee*
January – June 2019		
PERS Plan 1	7.52%	6.00%
PERS Plan 1 UAAL	5.13%	
Administrative Fee	0.18%	
Total	12.83%	6.00%
July – December 2019		
PERS Plan 1	7.92%	6.00%
PERS Plan 1 UAAL	4.76%	
Administrative Fee	0.18%	
Total	12.86%	6.00%

\* For employees participating in Judicial Benefit Multiplier (JBM), the contribution rate was 12.26%.

The City of Federal Way's actual PERS plan contributions were \$811,218 to PERS Plan 1 for the year ended December 31, 2019.

**PERS Plan 2/3** provides retirement, disability and death benefits. Retirement benefits are determined as two percent of the member's average final compensation (AFC) times the member's years of service for Plan 2 and 1 percent of AFC for Plan 3. The AFC is the average of the member's 60 highest-paid consecutive service months. There is no cap on years of service credit. Members are eligible for retirement with a full benefit at 65 with at least five years of service credit. Retirement before age 65 is considered an early retirement. PERS Plan 2/3 members who have at least 20 years of service credit and are 55 years of age or older, are eligible for early retirement with a benefit that is reduced by a factor that varies according to age for each year before age 65. PERS Plan 2/3 members who have 30 or more years of service credit and are at least 55 years old can retire under one of two provisions:

- With a benefit that is reduced by three percent for each year before age 65; or
- With a benefit that has a smaller (or no) reduction (depending on age) that imposes stricter return-to-work rules.

PERS Plan 2/3 members hired on or after May 1, 2013 have the option to retire early by accepting a reduction of five percent for each year of retirement before age 65. This option is available only to those who are age 55 or older and have at least 30 years of service credit. PERS Plan 2/3 retirement benefits are also actuarially reduced to reflect the choice of a survivor benefit. Other PERS Plan 2/3 benefits include duty and non-duty disability payments, a cost-of-living allowance (based on the CPI), capped at three percent annually and a one-time duty related death benefit, if found eligible by the Department of Labor and Industries. PERS 2 members are vested after completing five years of eligible service. Plan 3 members are vested in the defined benefit portion of their plan after ten years of service; or after five years of service if 12 months of that service are earned after age 44.

**PERS Plan 3** defined contribution benefits are totally dependent on employee contributions and investment earnings on those contributions. PERS Plan 3 members choose their contribution rate upon joining membership and have a chance to change rates upon changing employers. As established by statute, Plan 3 required defined contribution rates are set at a minimum of 5 percent and escalate to 15 percent with a choice of six options. Employers do not contribute to the defined contribution benefits. PERS Plan 3 members are immediately vested in the defined contribution portion of their plan.

#### **Contributions**

The **PERS Plan 2/3** employer and employee contribution rates are developed by the Office of the State Actuary to fully fund Plan 2 and the defined benefit portion of Plan 3. The Plan 2/3 employer rates include a component to address the PERS Plan 1 UAAL and an administrative expense that is currently set at 0.18 percent. Each biennium, the state Pension Funding Council adopts Plan 2 employer and employee contribution rates and Plan 3 contribution rates. The PERS Plan 2/3 required contribution rates (expressed as a percentage of covered payroll) for 2019 were as follows:

PERS Plan 2/3		
Actual Contribution Rates	Employer 2/3	Employee 2*
January – June 2019		
PERS Plan 2/3	7.52%	7.41%
PERS Plan 1 UAAL	5.13%	
Administrative Fee	0.18%	
Employee PERS Plan 3		Varies
Total	12.83%	7.41%
July – December 2019		
PERS Plan 2/3	7.92%	7.90%
PERS Plan 1 UAAL	4.76%	
Administrative Fee	0.18%	
Employee PERS Plan 3		Varies
Total	12.86%	7.90%

\* For employees participating in JBM, the contribution rate was 18.53% to 19.75%.

The City of Federal Way's actual PERS plan contributions were \$811,218 to PERS Plan 1 and \$1,247,242 to PERS Plan 2/3 for the year ended December 31, 2019.

#### Law Enforcement Officers' and Fire Fighters' Retirement System (LEOFF)

LEOFF membership includes all full-time, fully compensated, local law enforcement commissioned officers, firefighters, and as of July 24, 2005, emergency medical technicians. LEOFF is comprised of two separate defined benefit plans.

LEOFF Plan 1 City of Federal Way does not have LEOFF Plan 1.

**LEOFF Plan 2** provides retirement, disability and death benefits. Retirement benefits are determined as two percent of the final average salary (FAS) per year of service (the FAS is based on the highest consecutive 60 months). Members are eligible for retirement with a full benefit at 53 with at least five years of service credit. Members who retire prior to the age of 53 receive reduced benefits. If the member has at least 20 years of service and is age 50, the reduction is three percent for each year prior to age 53. Otherwise, the benefits are actuarially reduced for each year prior to age 53. LEOFF 2 retirement benefits are also actuarially reduced to reflect the choice of a survivor benefit. Other benefits include duty and non-duty disability payments, a cost-of-living allowance (based on the CPI), capped at three percent annually and a one-time duty-related death benefit, if found eligible by the Department of Labor and Industries. LEOFF 2 members are vested after the completion of five years of eligible service.

#### Contributions

The **LEOFF Plan 2** employer and employee contribution rates are developed by the Office of the State Actuary to fully fund Plan 2. The employer rate includes an administrative expense component set at 0.18 percent. Plan 2 employers and employees are required to pay at the level adopted by the LEOFF Plan 2 Retirement Board.

Effective July 1, 2017, when a LEOFF employer charges a fee or recovers costs for services rendered by a LEOFF 2 member to a non-LEOFF employer, the LEOFF employer must cover both the employer and state contributions on the LEOFF 2 basic salary earned for those services. The state contribution rate (expressed as a percentage of covered payroll) was 3.44% as of July 1, 2019.

The LEOFF Plan 2 required contribution rates (expressed as a percentage of covered payroll) for 2018 were as follows:

LEOFF Plan 2		
Actual Contribution Rates	Employer	Employee
January – June 2019		
State and local governments	5.25%	8.75%
Administrative Fee	0.18%	
Total	5.43%	8.75%
July – December 2019		
State and local governments	5.15%	8.59%
Administrative Fee	0.18%	
Total	5.33%	8.59%

The City of Federal Way's actual contributions to the plan were \$735,539 for the year ended December 31, 2019.

The Legislature, by means of a special funding arrangement, appropriates money from the state General Fund to supplement the current service liability and fund the prior service costs of Plan 2 in accordance with the recommendations of the Pension Funding Council and the LEOFF Plan 2 Retirement Board. This special funding situation is not mandated by the state constitution and could be changed by statute. For the state fiscal year ending June 30, 2019, the state contributed \$72,959,897 to LEOFF Plan 2. The amount recognized by the City of Federal Way as its proportionate share of this amount is \$475,123.

#### **Actuarial Assumptions**

The total pension liability (TPL) for each of the DRS plans was determined using the most recent actuarial valuation completed in 2019 with a valuation date of June 30, 2018. The actuarial assumptions used in the valuation were based on the results of the Office of the State Actuary's (OSA) 2007-2012 Experience Study and the 2017 Economic Experience Study.

Additional assumptions for subsequent events and law changes are current as of the 2018 actuarial valuation report. The TPL was calculated as of the valuation date and rolled forward to the measurement date of June 30, 2019. Plan liabilities were rolled forward from June 30, 2018, to June 30, 2019, reflecting each plan's normal cost (using the entry-age cost method), assumed interest and actual benefit payments.

- Inflation: 2.75% total economic inflation; 3.50% salary inflation
- **Salary increases**: In addition to the base 3.50% salary inflation assumption, salaries are also expected to grow by promotions and longevity.
- Investment rate of return: 7.4%

Mortality rates were based on the RP-2000 report's Combined Healthy Table and Combined Disabled Table, published by the Society of Actuaries. The OSA applied offsets to the base table and recognized future improvements in mortality by projecting the mortality rates using 100 percent Scale BB. Mortality rates are applied on a generational basis; meaning, each member is assumed to receive additional mortality improvements in each future year throughout his or her lifetime.

There were changes in methods and assumptions since the last valuation.

- OSA updated modeling to reflect providing benefit payments to the date of the initial retirement eligibility for terminated vested members who delay application for retirement benefits.
- OSA updated COLA programming to reflect legislation signed during the 2018 legislative session that provides PERS and TRS Plan 1 annuitants who are not receiving a basic minimum, alternate minimum, or temporary disability benefit with a one-time permanent 1.5% increase to their monthly retirement benefit, not to exceed a maximum of \$62.50 per month.

# **Discount Rate**

The discount rate used to measure the total pension liability for all DRS plans was 7.4 percent.

To determine that rate, an asset sufficiency test included an assumed 7.5 percent long-term discount rate to determine funding liabilities for calculating future contribution rate requirements. (All plans use 7.5 percent except LEOFF 2, which has assumed 7.4 percent). Consistent with the long-term expected rate of return, a 7.4 percent future investment rate of return on invested assets was assumed for the test. Contributions from plan members and employers are assumed to continue being made at contractually required rates (including PERS 2/3, PSERS 2, SERS 2/3, and TRS 2/3 employers, whose rates include a component for the PERS 1, and TRS 1 plan liabilities). Based on these assumptions, the pension plans' fiduciary net position

was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return of 7.4 percent was used to determine the total liability.

#### Long-Term Expected Rate of Return

The long-term expected rate of return on the DRS pension plan investments of 7.4 percent was determined using a buildingblock-method. In selecting this assumption, the Office of the State Actuary (OSA) reviewed the historical experience data, considered the historical conditions that produced past annual investment returns, and considered capital market assumptions and simulated expected investment returns provided by the Washington State Investment Board (WSIB). The WSIB uses the capital market assumptions and their target asset allocation to simulate future investment returns over various time horizons.

#### **Estimated Rates of Return by Asset Class**

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2019, are summarized in the table below. The inflation component used to create the table is 2.2 percent and represents the WSIB's most recent long-term estimate of broad economic inflation.

Asset Class	Target Allocation	% Long-Term Expected Real Rate of Return Arithmetic
Fixed Income	20%	2.20%
Tangible Assets	7%	5.10%
Real Estate	18%	5.80%
Global Equity	32%	6.30%
Private Equity	23%	9.30%
	100%	

# Sensitivity of the Net Pension Liability/(Asset)

The table below presents the City of Federal Way's proportionate share\* of the net pension liability calculated using the discount rate of 7.4 percent, as well as what the City of Federal Way's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.4 percent) or 1-percentage point higher (8.4 percent) than the current rate.

	1% Decrease (6.4%)	Current Discount Rate (7.4%)	1% Increase (8.4%)
PERS 1	\$5,482,860	\$4,378,167	\$3,419,701
PERS 2/3	\$10,769,047	\$1,404,122	\$(6,280,420)
LEOFF 2	\$(1,695,140)	\$(9,116,488)	\$(15,174,007)

### **Pension Plan Fiduciary Net Position**

Detailed information about the State's pension plans' fiduciary net position is available in the separately issued DRS financial report.

# Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the City of Federal Way's reported a total pension liability of \$5,782,289 and total pension net asset of \$9,116,488 for its proportionate share of the net pension liabilities as follows:

	Liability (or Asset)
PERS 1	\$4,378,167
PERS 2/3	\$1,404,122
LEOFF 2	\$(9,116,488)

The amount of the asset reported above for LEOFF Plan 2 reflects a reduction for State pension support provided to the City of Federal Way. The amount recognized by the City of Federal Way as its proportionate share of the net pension asset, the related State support, and the total portion of the net pension asset that was associated with the City of Federal Way were as follows:

	LEOFF 2 Asset
LEOFF 2 – employer's proportionate share	\$(9,116,488)
LEOFF 2 – State's proportionate share of the net pension	\$(5,970,078)
liability/(asset) associated with the employer	
TOTAL	\$(15,086,566)

At June 30, the City of Federal Way proportionate share of the collective net pension liabilities was as follows:

	Proportionate Share 6/30/18	Proportionate Share 6/30/19	Change in Proportion
PERS 1	0.115857%	0.113856%	(0.002001)%
PERS 2/3	0.146710%	0.144555%	(0.002155)%
LEOFF 2	0.397656%	0.393513%	(0.004143)%

Employer contribution transmittals received and processed by the DRS for the fiscal year ended June 30 are used as the basis for determining each employer's proportionate share of the collective pension amounts reported by the DRS in the *Schedules of Employer and Nonemployer Allocations* for all plans except LEOFF 1.

In fiscal year 2019, the state of Washington contributed 39.57 percent of LEOFF 2 employer contributions pursuant to RCW 41.26.725 and all other employers contributed the remaining 60.43 percent of employer contributions.

The collective net pension liability (asset) was measured as of June 30, 2019, and the actuarial valuation date on which the total pension liability (asset) is based was as of June 30, 2018, with update procedures used to roll forward the total pension liability to the measurement date.

### **Pension Expense**

For the year ended December 31, 2019, the City of Federal Way recognized pension expense as follows:

	Pension Expense
PERS 1	\$110,369
PERS 2/3	\$358,403
LEOFF 2	\$185,890
TOTAL	\$654,663

### **Deferred Outflows of Resources and Deferred Inflows of Resources**

At December 31, 2019, the City of Federal Way reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

PERS 1	Deferred Outflows	Deferred Inflows of
	of Resources	Resources
Differences between expected and actual experience	\$0	\$0
Net difference between projected and actual investment	\$0	\$(292,502)
earnings on pension plan investments		
Changes of assumptions	\$0	\$0
Changes in proportion and differences between	\$0	\$0
contributions and proportionate share of contributions		
Contributions subsequent to the measurement date	\$394,904	\$0
TOTAL	\$394,904	\$(292,502)

PERS 2/3	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$402,284	\$(301,878)
Net difference between projected and actual	\$0	\$(2,043,828)
investment earnings on pension plan investments		
Changes of assumptions	\$35,955	\$(589,122)
Changes in proportion and differences between	\$29,557	\$(70,684)
contributions and proportionate share of contributions		
Contributions subsequent to the measurement date	\$646,301	\$
TOTAL	\$1,114,137	\$(3,005,512)

LEOFF 2	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$656,013	\$(163,939)
Net difference between projected and actual	\$0	\$(1,869,165)
investment earnings on pension plan investments		
Changes of assumptions	\$15,019	\$(1,025,897)
Changes in proportion and differences between	\$412,542	\$(148,423)
contributions and proportionate share of contributions		
Contributions subsequent to the measurement date	\$370,499	\$0
TOTAL	\$1,454,072	\$(3,207,423)

Deferred outflows of resources related to pensions resulting from the City of Federal Way's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2020. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended December 31:	PERS 1
2020	\$(64,571)
2021	\$(152,949)
2022	\$(54,581)
2023	\$(20,397)
2024	\$0
Thereafter	\$0
Total	\$(292,498)

Year ended December 31:	PERS 2/3
2020	\$(627,451)
2021	\$(1,055,394)
2022	\$(471,634)
2023	\$(255,404)
2024	\$(125,845)
Thereafter	\$(1,948)
Total	\$(2,537,676)

Year ended December 31:	LEOFF 2
2020	\$(472,455)
2021	\$(900,834)
2022	\$(397,864)
2023	\$(199,638)
2024	\$(49,869)
Thereafter	\$(103,190)
Total	\$(2,123,850)

# Other Local Government Pension Systems - City of Federal Way Employees' Retirement System

Effective June 1, 1990, the Federal Way City Council established the Federal Way Employees' Retirement System, per City Ordinance 90-74 and as authorized by the Federal Social Security Act (42 USCA, Section 418 (g)). The Retirement System is a defined contribution pension plan established as an alternative to the Federal Social Security System.

During 2019 on average, there were a total of 350 individuals covered by this system. As of the end of the year, there were 335 active employees of the City and three were drawing retirement benefits. During the year 48 employees left the City's employment and either had been reimbursed their contributions, reimbursement was pending, or they elected to have their contributions remain in the plan if the balance was \$1,000 or greater.

All regular employees of the City of Federal Way are required to participate in the system, with the City matching the employee's required contribution. The employee pays 6.2% and this is matched by the composite of a cash match (approximately 5.2%) and insurance payments (1%) for disability, survivor, accidental death and dismemberment, and lump sum death benefit coverage. Contributions into the plan are tax deferred.

Employees are entitled to make voluntary contributions to the plan, assuming that highly compensated and non-highly compensated employees are treated equally. Each payroll period, employees may make a voluntary contribution equal to a minimum of 1% of the participant's compensation, not to exceed 10% of the participant's compensation.

Covered payroll for 2019 was \$31,216,314 and excluding PERS, LEOFF, FWRS, deferred comp, flex plan, and section 125 covered payrolls was \$26,538,971. Total City payroll was \$32,166,183. Actual City contributions for the year were \$1,531,949. Actual employee contributions were \$1,826,556. All contributions were invested in instruments arranged through independent investment advisors selected by the Municipal Employers Benefit Trust (MEBT) committee comprised of the entities of Bellevue, Kirkland, Redmond, Edmonds, Mill Creek, Woodinville, Federal Way, and North East King County Regional Public Safety Communication Agency (NORCOM) but administered by Northwest Plan Services (NWPS). Retirement System assets are not the property of the City and are not subject to the claims of the City's general creditors. The Federal Way Retirement System assets are with Security Trust Company, N.A. who invests Plan assets. MEBT can be contacted for additional information at (877)-690-5410.

In July 1995, the City implemented the hardship withdrawal and loan provision program that allow participants to have limited access to their contributions while still employed by the City. Hardship withdrawals are available in the event of financial necessity resulting from uninsured medical expenses, tuition expenses, purchasing one's primary residence, or to prevent foreclosure on one's primary residence. Loans receivable as of December 31, 2019 were \$1,371,451. After 5 years an employee becomes 100% vested in their employer contributions. Also an employee becomes 100% vested when they reach their normal retirement date (the earlier of age 65 or the earliest service retirement date under any other retirement benefit program to which the City contributes on the employees behalf).

The consulting actuary firm of Northwest Plan Services (NWPS) has been contracted to provide record keeping, administrative and consulting services related to the Plan Actuarial determinations are not required because accidental death and dismemberment insurance, long-term disability, survivor income insurance and the lump sum death benefit are provided by a group insurance policy with Standard Insurance Company; and benefits paid to participants upon retirement are limited to: (a) a nonforfeitable, nontransferable annuity contract purchased by the plan's trustee, (b) retirement benefits payable from the employee's account to which no contributions by the City or the participant can be added after retirement, or a single lump-sum payment equal to the accumulated balance in the employee's account as of his retirement date.

### NOTE 10 - RISK MANAGEMENT

The City uses the Risk Management Internal Service Fund to account for its risk financing activities. The City maintains insurance against most normal hazards. The City faces most of the risks faced by similar sized cities including general liability for bodily injury, law enforcement, and property liability.

Through its Risk Management Fund, the City records insurance premium costs for general liability coverage and builds reserves for future claims, self-insured retention, and a future general liability self-insurance program.

There were no settlements in excess of insurance for commercially insured activities for 1996 through 2019. The fund balance for the Risk Fund as of 12/31/2019 is \$1.50 million.

### **Cyber Security Program**

The City of Federal Way employs 1) computer workstation endpoint virus protection on all network connected PC's that is updated as soon as new definitions are released, 2) system network "next generation" firewall for perimeter protection. In

addition the City has cyber liability insurance of \$1 million with a \$50K deductible for each single event for fund transfer fraud, extortion, computer fraud, or business interruption. "Also the Council authorized \$20,000 in 2018 for a cyber security audit that was commissioned in 2019. It is currently underway; the audit and review of systems has been completed and a draft report has been produced which is currently being reviewed. The Council will receive the final report in Q2 2020 for review and action."

The following is a summary of coverage in force in 2019.

	SCHEDULE OF INSURANCE IN FORCE AS OF DECEMBER 31, 2019											
Company	Policy Period	Details of Coverage	Liability Limits									
Argonaut	12/31/18-12/31/19	General liability (auto, general, police, e & o, employment practices, & stop gap)	\$250,000 self-insured retention (SIR) with aggregate limits of \$10,000,000.									
Arch Insurance Company	12/31/18-12/31/19	Excess liability	\$10,000,000 in excess of \$10,000,000 with aggregate limits of \$10,000,000.									
Travelers	1/1/19-1/1/20	Crime/fidelity (employee theft, forgery or alternation, on premises, in transit, money orders and counterfeit money, computer crime, fund transfer fraud and claims expense)	Deductible ranges from \$5,000 to \$25,000 with single loss limits ranging from \$50,000 to \$1,000,000.									
Philadelphia	1/1/19-1/1/20	Property coverage	\$25,000 deductible with single loss limits of \$63,222,577 for buildings and \$5,552,803 in contents.									

The City's industrial insurance is provided by the Association of Washington Cities and is administered by the Workers' Comp Retro Program. Coverage is purchased by means of standard rates per working hour and is computed by the total number of hours worked by employees multiplied by the basic premium rate assigned to the business risk classification. The following are benefits provided by industrial insurance: medical services, damaged clothing, travel expenses, time-loss payments, vocational rehabilitation, partial disability awards, pension awards and survivor benefits.

### NOTE 11 – LONG-TERM LIABILITIES

The various categories of long-term debt reflected on the City's financial statements are briefly described in the following paragraphs. Ratings are issued on the bond at the time of issuance. The ratings issued on City bonds are shown on page 71.

General obligation bonds are backed by the City's full faith and credit. Proceeds are typically used for the acquisition or construction of major capital facilities or equipment. "Councilmanic Bonds" are general obligation bonds issued by City Council without voter approval. Under State law, repayment of these bonds must be financed from general City revenues because no additional property taxes can be levied to support related debt service payments. General Obligation bonds approved by the voters are typically repaid through an annual "excess" property tax levy authorized for this purpose by State statute. At year-end 2019 the City had no voter-approved bonds outstanding. All principal and interest payments on general obligation debts are recorded as expenditures by the City's Debt Service Fund.

- A) On November 17, 2017, the City issued \$6,000,000 of limited tax general obligation bond with an interest rate of 2.17 percent, maturity due date of 11/27/2037 which contains mandatory tender option date of 11/17/2022. Proceeds were used to pay off the 2014 KeyBank Bond Anticipation Note which was scheduled for maturity on 12/01/2017. There was no significant economic gain or loss on the transaction.
- B) On March 4, 2013 the City issued \$12,415,000 of general obligation refunding bonds with an average interest rate of 2.67 percent to provide resources to purchase U.S. Government and State and Local Government Series security that were placed in an irrevocable trust for the purpose of generating resources to advance refund on \$12,310,000 of outstanding 2003 GO Federal Way Community Center debt on December 1, 2013. As a result the 2003 GO FWCC bonds are considered to be defeased and the liability has been removed from the governmental activities column of the statement of net position. This advance refunding was undertaken to reduce total debt service payments over the next twenty one years by \$2,322,943 and resulted in an economic gain of \$1,740,458. (Economic gain is the net present value of future savings between old and the new debt).
- C) On December 11, 2019, the City issued \$10,945,000 of limited tax general obligation bond with interest rates ranging from 2.75 percent to 5.00 percent, and a maturity due date of December 1, 2038. Proceeds were used to pay off the outstanding 2009 SCORE Bond of \$12,891,600. As a result, the 2009 SCORE Bond is considered defeased and the liability was removed from governmental activities column of statement of net position. This payoff was undertaken to reduce the total debt service payments over the next twenty years by \$2,309,077 and resulted in economic gain of \$1,992,140 (Economic gain is the present value of future savings between old and new debt).

- D) On December 11, 2019, the City issued \$4,840,000 of limited tax general obligation bond with interest rates ranging from 1.95 to 2.65 percent, and a maturity due date of December 1, 2029. Proceeds were used to pay for a portion of the Performing Arts and Events Center and to pay costs of issuing 2019B Bonds. There was no significant economic gain or loss on the transaction.
- E) On June 28, 2016 the City entered into a Contract Loan Guarantee with Housing Urban Development for development of the Federal Way Performing Arts and Events Center. This loan, referred to as Section 108 Loan is authorized up to \$3,030,000 with advances of \$3,030,000 with a variable rate of 3M LIBOR plus 20 basis points. The Section 108 Loan contains a 20 year term with provisions to convert to a fixed rate loan at a future date. This loan converted to a fixed rate on March 28, 2019 with outstanding balance of \$2,712,000.
- F) On March 28, 2019 the City converted Contract Loan Guarantee with Housing Urban Development to a fixed rate, ranging from 2.54 to 3.49 percent, and a maturity due date of August 1, 2035. The conversion resulted into an issuance of \$2,712,000 of U.S. Department of HUD Section 108 Government Guaranteed Participation Certificates, Series HUD 2019-A.
- G) The City in conjunction with several other South King County cities (Auburn, Burien, Renton, SeaTac, Tukwila,) agreed to build a facility to hold its inmates. The total bond in 2009 was \$86.325 million and the City of Federal Way's portion at that time was \$15.522 million. In 2019 the facility was able to use its excess revenue from excess space rented to non-member cities to pay the bond in 2019. The City Council decided to withdraw from the SCORE interlocal agreement on September 4<sup>th</sup>, 2018 effective on the year following the date of notice. At the April 16, 2019 council meeting the City Council decided to bond the City portion of the SCORE debt separately from the SCORE entity. On December 11, 2019, the City issued a \$10,945,000 of general obligation bond and used the proceeds to pay off the outstanding 2009 SCORE bond of \$12,891,600. SCORE and Valley Communications joint venture information can be found on pages 75 thru 76.

The following schedules detail the long-term debt activity and balances of the City for GO Bonds, SCORE and Section 108 HUD Loan, Public Works Trust Fund Loans, Compensated Absences, and Net Pension Liability. Typically we have used the governmental funds on pages 29 and 30 to liquidate the net pension liability, with the General Fund being the primary fund.

#### **Computation of Legal Debt Margin**

Under Washington State law (RCW 39.36.020), a City may incur general obligation debt for general city purposes in an amount not to exceed 2½ percent of the value of all taxable property within the City. State law requires all property to be assessed at 100 percent of its true and fair value. Unlimited tax general obligation debt requires an approving vote of the people, and any election to validate such general obligation debt must have a voter turnout of at least 40 percent of those who voted in the last State general election and of those voting; 60 percent must be in the affirmative. The City Council may, by ordinance, authorize the issuance of limited tax general obligation debt in an amount up to 1.5% of the valuation within the City without a vote of the people. No combination of limited or unlimited tax debt may exceed 7½ percent of the valuation. The debt service on unlimited tax debt is secured by excess property tax levies, whereas the debt service on limited tax debt is secured by excess property tax levies, whereas the debt service on limited tax debt is secured by property taxes collected with the City's councilmanic levy. See page 133 for a detailed calculation of the valuation.

The City's legally remaining debt capacities as of December 31, 2019 are:

Computation of Limitation of Indebtedness	2019
General government (no vote required)	\$ 149,759,386
General government (3/5 majority vote required)	119,724,092
Parks and open space (3/5 majority vote required)	299,310,231
Utilities (3/5 majority vote required)	299,310,231
Total Capacity	\$ 868,103,940

### **Compensated Absences**

The City's liability for accrued vacation and compensatory time balances is recorded in the schedule below. Accrued compensated absences for proprietary fund employees are recorded as liabilities in those funds expected to incur the related future expense. Typically the General Fund has been used to liquidate compensated absences for the General Government.

Governmental Activities:	
Current portion	\$ 148,605
Noncurrent portion	1,887,123
Business-Type Activities:	
Current portion	7,547
Noncurrent portion	87,265
Total Compensated absences	\$ 2,130,540

#### **Estimated Arbitrage Rebate**

The Federal Tax Reform Act of 1986 requires issuers of tax-exempt debt of over \$5 million to make payments to the United States Treasury of investment interest received at yields that exceed the issuer's tax-exempt borrowing rates. Payments of arbitrage rebate amounts due under these regulations must be made to the U.S. Treasury every five years. The City's estimated rebatable arbitrage amount as of December 31, 2019 is \$-0- for its tax-exempt general obligation bond issues subject to the Tax Reform Act issued through that date. No arbitrage applies to any of City of Federal Way bonds.

Capital Project Funds:						
Street		-		1,507,972		
Total Interfund Loans	\$	1,732,790	<b>\$</b> 1	1,732,790		

#### NOTE 13 - CONTRACTUAL OBLIGATIONS, CONTINGENCIES AND LITIGATION

As of December 31, 2019 there were minimal minor claims for damages and 11 lawsuits pending against the City. With one exception noted below, in the opinion of the City Attorney, none of these lawsuits or claims exposes the City to potential liability, either singly or in the aggregate, that materially affect the financial condition of the City. One exception to this statement is a claim for \$10,777,440.22 filed by a contractor, Graham Construction, Inc., in relation to Phase 5 of the Pacific Highway improvement project. While the City disputes this claimed amount and is vigorously defending the City's position, it is possible that the liability for the City may exceed the original contract budget by a significant amount.

While not material in the opinion of the City Attorney, two significant police civil rights – use of force lawsuits are also of note. The first is the Hunter case, in which the court has entered judgement in the amount of \$400,000 plus attorney's fees. Insurance coverage is likely to be denied in this matter as the bulk of the judgment is in the form of punitive damages. The second is the Hernandez case, where the initial claim was for \$25 million, and a subsequent demand was \$4 million. Litigation council believes that we have a strong defense in the Hernandez matter, and the City has already reached the City's self-insured retention limit in the matter. Our insurance carrier is heavily involved in the Hernandez matter and should cover any future costs associated with this lawsuit.

#### NOTE 14 – JOINT VENTURES

#### Valley Communication Center

The "Valley Communications Center" was established August 20, 1976, when an Interlocal Agreement was entered into by the four original participating municipal corporations, including the cities of Renton, Kent, Auburn, and Tukwila. Federal Way was formally admitted as an addition in 2000. The agreement is sanctioned by the provisions and terms of the Interlocal Cooperation Act pursuant to RCW 39.34. The initial duration of the agreement was five years, and thereafter was automatically extended for a consecutive five year-period.

The purpose of the joint operation, hereafter referred to as Valley Com, is to provide improved consolidated emergency communications (dispatch) services for police, fire, and medical aid, to the five participating cities and to several subscribing agencies, which include King County Fire Districts 2, 20, 26, 40, 43, 44, and 47; City of Pacific Police and Fire Departments, City of Algona Police Department, City of Des Moines Police Department, City of Black Diamond Police and Fire Department; SeaTac Fire Department; North Highline Fire Department; King County EMS Units; and Vashon Island Fire Department. Separate agreements between Valley Com and the subscribing agencies have been executed, which set forth conditions of services and rates charged.

The allocation of prorated financial participation among the five member cities is the percentage of dispatched calls attributed to each jurisdiction compared to the total estimated dispatched calls, for the current twelve month period ending December 31. The percentages are applied to the current approved budget, less revenue from all other sources. Distribution of the current year net income is based on the same percentages. The 2019 cost distributions for the five member cities are as follows:

	Dispatchable	Percent
City	Calls	of Total
Kent	117,225	27.08%
Renton	90,760	20.96%
Auburn	98,169	22.68%
Tukwila	36,163	8.35%
Federal Way	90,616	20.93%
Total	432,933	100.00%

Valley Com is governed by an Administration Board, composed of the Mayors or designated representatives from the five participating cities of Renton, Kent, Auburn, Tukwila, and Federal Way. The Administration Board is authorized to establish bylaws that govern procedures of the Board and Valley Com's general operations for the following functions: 1) Budget review and recommendations to the legislative bodies of the member cities, and budget adoption after each legislative body has approved the required financial participation for the ensuing year; 2) Approve appointment and/or discharge of the Director; 3) Approve personnel policy and make final decisions on all major policy changes; and 4) Review and approves all contracts.

In addition, an Operating Board was established and consists of two members of each participating City's Public Safety Departments, including the heads of such departments or their designees. The Operating Board performs the following functions: 1) Oversees the general operation of Valley Com, and advises and makes recommendations to the Administration Board; 2) Make recommendations on Director selection; 3) Presents proposed policies and budgets to the Administration Board; and 4) Reviews disbursements of funds by the Director.

The Director presents a proposed budget to the Operating Board on or before August 15 of each year. Said budget is then presented to the Administrative Board by September 1 of each year. The Administration Board can make changes to the proposed Valley Com budget as it finds necessary, but final approval falls to the legislative body of each member city, in accordance with the provisions of the interlocal agreement.

In May 1993 Valley Com entered into an agreement with King County to provide joint project management for the acquisition and installation of 800-MHz emergency radio communications system approved by the voters of King County in conjunction with a \$57 million levy. In August 1993 Valley Com also entered into an Interlocal Cooperation Agreement with the sub-regions of King County, Seattle, and Eastside Public Safety Communications, which governs the development and installation of the new 800-MHz emergency radio system. Valley Com now provides emergency communication dispatch services to a population of approximately 570,000.

Valley Com operates as an enterprise fund and is totally self-supporting through the implementation of user fees, and the primary source of revenue is provided by charges for calls for service. The 800-MHz emergency radio communications system operated by the agreement with King County is operated as a separate enterprise fund, and the Member Cities have no equity interest in the contributed capital from this system.

The share of equity belonging to the five participating cities is shown below. Liabilities are the responsibility of the five participating cities in direct proportion to their equity position.

Balances in 2019													
		Kent		Renton		Auburn		Tukwila	Fe	deral Way		Total

A complete set of financial statements is available from:

Valley Communications Center, 27519 108th Avenue SE, Kent, WA 98030.

### South Correction Entity

On September 4<sup>th</sup>, 2018 the City Council decided to withdraw from the SCORE interlocal agreement effective on January 1<sup>st</sup>, 2020 per city resolution 18-741 in 2019. At the April 16, 2019 council meeting the City Council decided to bond the City portion of the SCORE debt separately from the SCORE entity. Although the city will not maintain ownership of the facility, the City of Federal Way is still responsible for paying their proportionate share of SCORE debt service in the amount of 10,945,000 as of 12/31/2019.

#### NOTE 16 - LEASES

#### **Operating Leases**

Starting February 1, 2014, the City of Federal Way started leasing the office buildings for the downtown Police substation. Total cost for the leases was \$36,000 for the year ended December 31, 2019. The lease of the substation expires December 31, 2020. The future minimum lease payment for the downtown Police substation lease is \$36,000. This lease does not automatically renew.

#### NOTE 17 – SELF-INSURANCE

The City's unemployment insurance, where it has elected to become fully self-insured. Related premiums received by the Unemployment Insurance Fund is used to reimburse the State Employment Security Department for unemployment benefits paid to eligible individuals, and to establish reserves for the payment of estimated future unemployment claims liability. The City is self-insured for unemployment compensation. The weekly payments to an employee range from \$169 - \$713 depending upon the wages earned. At December 31<sup>st</sup>, 2019 the City had \$273,701 in reserve.

# NOTE 18 – ACCOUNTING AND REPORTING CHANGES

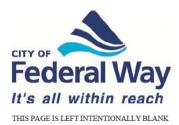

GASB statement 83, GASB statement 84, GASB statement 88 and GASB statement 90 were not relevant and/or material to City of Federal Way.

#### NOTE 19 – SUBSEQUENT EVENT

On March 9, 2020 the City Mayor issued a Proclamation of Emergency in order to prevent the spread of coronavirus disease (COVID-19). Then, on March 23, 2020, State Gov. Jay Inslee issued a statewide two week stay at home order and closed all businesses except essential services. On April 3, 2020 the stay at home order was extended through May 4<sup>th</sup>.

This coronavirus shock could be more severe than the Great Financial Crisis of 2007-08, as it will hit households, businesses, financial institutions, and markets all at the same time locally, nationally and globally. In this historical widespread pandemic the city is carefully considering all the options to adjust its budget as sales tax revenue and economic activity decline.

In addition, in response to COVID-19 the council committees and the regular council meetings are being held remotely rather than in- person meetings. Virtual meetings could be a new normal for the city in the future to do necessary municipal business.

# Combining Statement – Nonmajor Governmental Funds' Description For the Year Ended December 31, 2019

## **Special Revenue Funds**

Special Revenue funds are used to account for the proceeds of revenue sources (other than special assessments, expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes.

The *Arterial Street Fund* accounts for the receipt and expenditure of the State-levied motor vehicle fuel tax distributed to the City in accordance with State R.C.W. 82.36.020. These revenues are to be used for the construction, improvement, chip sealing, seal-coating, and repair of arterial highways and city streets, or for the payment of related municipal indebtedness.

The *Solid Waste/Recycling Fund* was established to account for special refuse collection fees used to manage the Solid Waste and Recycling program.

The *Special Contracts/Studies Fund* accounts for receipts and disbursements related to special contracts and special projects where completion will extend beyond the calendar year.

The *Hotel/Motel Lodging Tax Fund* was established to account for all lodging tax receipts and disbursements related to tourism promotion and acquisition and/or operation of tourism-related facilities.

The *Federal Way Community Center Fund* was established to account for the operation of the community center. The fund is supported by user fees and designated utility tax transfers.

The *Traffic Safety Fund* was established to account for the penalties and fines collected in criminal traffic violations and those related to the operation of the Red Light Photo Enforcement Program. Funds collected for traffic safety shall be used for, but not limited to prevention, education, and enforcement effectors related to traffic safety and compliance with traffic control devices within the city, including maintenance and operation costs.

The *Community Development Block Grant Fund* accounts for the receipt and disbursement of federal grant revenue received through the Department of Housing and Urban Development's Community Development Block Grant Program. Separate subsidiary records are maintained to administer the individual projects accounted for in this fund.

The *Path and Trails Reserve Fund* was established in accordance with State law to accumulate unexpended proceeds of the City's ½% motor vehicle fuel tax receipts which are restricted in use to the construction and maintenance of paths and trails within City right-of-way. In August 2013, King County voters approved a new \$0.1877, six-year, inflation adjusted property tax lid lift to expand park and recreation opportunities. Seven percent of the County levy proceeds will be distributed to cities for acquisition and development of open space and natural lands and city trail projects that support connections to the regional trail system.

The *Technology Fund* was established to account for a technology fee collected on business license fees, and parks and recreation fees to accommodate the high cost and need to continually replace telecommunications, data, network, hardware, and software systems caused by a continuous and rapidly changing technology environment.

### **Capital Projects Funds**

The Capital Project Funds account for the acquisition or construction of major capital facilities with the exception of those facilities financed by proprietary and trust funds. The major sources of revenue for this fund are general obligation bond proceeds, grants from other agencies, local taxes and contributions from other funds.

The *Real Estate Excise Tax Fund* was established to account for the City's real estate excise tax and the transfers to pay for debt and capital projects.

The *Downtown Redevelopment CIP Fund* accounts for receipts of Local Infrastructure Financing Tool (LIFT), and downtown redevelopment projects.

The *City Facilities CIP Fund* accounts for receipts and disbursements related to acquisition, design, construction and any other related municipal facility and community/senior capital project expenditures.

The *Parks CIP Fund* was established to account for receipts and disbursements related to acquisition, design, construction and any other related parks capital project expenditures.

The *Capital Project Reserve Fund* accounts for receipts and disbursements related to acquisition, design, construction and any other related municipal facility and community/senior capital project expenditures.

## Budget and Actual – Debt Service Fund Description For the Year Ended December 31, 2019

The *Debt Service Fund* accounts for the accumulation of resources for the payment of general obligation and special assessment bond principal, interest and related costs. Revenues for this fund consist of transfers from Real Estate Excise Tax Fund, transfers from the Utility Tax Fund, and/or other revenues designated by the City Council.

## Combining Statement – Internal Service Fund's Description For the Year Ended December 31, 2019

## **Internal Service Funds**

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of a government, or to other governments, on a cost-reimbursement basis.

The *Risk Management Fund* accounts for the City's risk financing activities established to minimize adverse effects of losses associated with property and casualty, and worker's compensation claims. Both risk control (to minimize the losses that strike an organization) and risk financing (to obtain finances to provide for or restore the economic damages of those losses) are involved. The City is also currently recovering costs and building reserves for general liability including property, casualty, errors and omissions and fidelity coverage.

The *Information Systems Fund* was established to account for all costs associated with data processing, telecommunications and the Geographical Information System (GIS). This fund will own and depreciate all non-proprietary fund assets related to these functions, and will charge equipment/software users for both maintenance/operating costs and equipment replacement charges based on depreciation schedules.

The *Support Services Fund* will account for duplication, graphics and other general support services provided to departments and funds throughout the City.

The *Fleet and Equipment Fund* accounts for the cost of maintaining City vehicles and other motorized equipment. Rates charged to user departments are based on the full cost of maintaining equipment items, including the recovery of related depreciation expense.

The *Buildings and Furnishings Fund* accounts for all costs associated with the operation and maintenance of specified City buildings. City building facilities and furnishings will be owned by this Fund, and both maintenance/operating costs and depreciation recovery will be charged to City departments and funds.

The *Health Insurance Fund* accounts for all self-insuring for medical insurance. The premiums paid by the City's medical benefit contributions and employee medical deductions pay for the medical and pharmaceutical claims. Also, this fund establishes reserves for the payment of estimated future claims.

The *Unemployment Insurance Fund* is currently self-insuring State Unemployment Compensation. Related premiums received by the fund are used to reimburse the unemployment benefits paid to eligible individuals and to establish reserves for the payment of estimated future unemployment claims liability.

## Page 116

#### Note 1.-Basis of Accounting

The Schedule of Financial Assistance is prepared on the same basis of accounting as the City of Federal Way's financial statements. The City uses the modified accrual basis of accounting, which is the basis adapted to governmental fund-type measurement focus. All grants reported on this schedule have been accounted for in governmental fund types. Grant revenues are determined to be earned and available at the time related expenditures are incurred. For this reason, grant revenues to be received as reimbursement for expenditures incurred in the current year are also recognized as revenue in that year.

#### Note 2.- Program Costs

The amounts shown as current year expenditures represent only the federal grant portion of the program costs. Entire program costs, including the City of Federal Way's portion, are more than shown. Such expenditures are recognized following, as applicable, either the cost principles in the OMB Circular A-87, Cost Principles for State, Local, and Indian Tribal Governments, or the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

#### Note 3.- Indirect Cost Rate

The City of Federal Way did not use the new 10% de minimis indirect cost rate as covered in 200.414 Indirect (F&A) costs, and is currently only charging direct costs to grants received.

#### Note 4.- Federal Loans

The City of Federal Way was approved by the US Department of Housing and Urban Development Office of Community Planning and Development to receive a loan totaling \$3,030,000 to finance the Performing Arts& Event Center economic development project. Both the current and prior year loans are reported on the City of Federal Way's Schedule of Liabilities.

# CAPITAL ASSETS USED IN THE OPERATION OF GOVERNMENTAL FUNDS

## CAPITAL ASSETS USED IN THE OPERATION OF GOVERNMENTAL FUNDS COMPARATIVE SCHEDULE BY SOURCE

## December 31, 2019

	2019	2018
GOVERNMENTAL FUNDS CAPITAL ASSETS		
Land	\$ 283,686,723	\$283,651,519
Buildings	56,342,323	56,233,072

This schedule presents only the historical cost of capital asset balances (no depreciation expenses) related to governmental funds. Accordingly, the capital assets reported in internal service funds are excluded from the above amounts. Generally, the capital assets of the internal service funds are included as governmental activities in the statement of net assets.

## **Statistical Section**

The statistical section presents detailed information as a context for understanding what the information in the financial statements and note disclosures say about the City's overall financial health. The following are the five categories of information presented in this section.

**Financial Trends** – These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

**Revenue Capacity** – These schedules contain information to help the reader assess the City's most significant local revenue sources, property tax and sales tax.

**Debt Capacity** – These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

**Demographic and Economic Information** – These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

**Operating Information** – These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the city provides and the activities it performs.

(A) Includes public school enrollment. Kindergarten is included though not State mandated.

(B) Unemployment rates came from the US Department of Labor, Bureau of Labor Statistics.

(C) Per Capital Income for Federal Way came from U.S. Census Bureau - Quickfacts.

(D) Personal income information is for Seattle-Tacoma-Bellevue area provided by the Bureau of Economic Analysis, information for 2019 not available. 2019 data for Personal Income to be published fall of 2020.

Sources: Data was obtained from U. S. Census Bureau

US Department of Labor, Bureau of Labor Statistics

US Department of Commerce, Bureau of Economic Analysis

School data was provided by the Federal Way School District.
